Through the Glass Darkly James Styles,2020-06-17 This story begins in the year 2030 as our lead character is an eighty five year old man who lives alone in a modern world He has outlived his wife and most of his friends and family One evening as he sits down in front of his TV he falls asleep and awakens to find himself in the year 1961 He thinks he is having a dream but it is one that is so vivid and realistic that he wonders if it is just a dream or is he really somehow back in 1961 And if so why Is it to correct a long ago decision Thus begins our hero's journey back in time as he pursues a completely different career and personal path I think some of us would like another bite of the apple and maybe make some different decisions from the ones that were made in the past
