Tibet Through Dissident Chinese Eyes Changqing Cao, James D. Seymour, 1998 This text exposes the reader to Chinese supporters of Tibetan self determination including contributions from such writers and activists as Wei Jingsheng Yan Jiaqi Shen Tong and Wang Ruowang **Tibet Through Dissident Chinese Eyes: Essays on Self-determination** James D. Seymour, Cao Changching, 2016-09-16 Although there have been numerous publications that argue the merit of Chinese rule over Tibet and many more that argue for Tibetan self determination the world has not heard many Chinese voices supporting the latter view This book exposed the reader to just that perspective from no less famous writers and activists than Wei Jingsheng Yan Jiaqi Shen Tong Wang Rouwang and others Though theirs is the view of a small minority of Chinese history may still record the publication of these essays as a milestone in the history of this issue □□□□□□□□□□□□□□□□□□□□

Smith Jr., 2008-05-16 This groundbreaking book explores China s efforts to assimilate Tibet in the process rewriting Tibetan history to conform to Beijing s goals Warren Smith provides the historical context for understanding the current situation through an overview of China s actual as opposed to its promised policies toward Tibet over time His clear eyed appraisal of Chinese policy convincingly shows that the PRC s ultimate intention is assimilation rather than autonomy The author argues that Beijing fears that any genuine autonomy or dialogue with the Dalai Lama will fuel renewed nationalism in China s Tibet as the Chinese leadership calls its possession The book highlights China s past and current propaganda on Tibet to demonstrate China s sensitivity and defensiveness regarding the legitimacy of its rule It traces the history of Sino Tibetan dialogue to show how China has tried to use it to defuse Tibetan exile and international criticism while making no concessions in regard to Tibetan autonomy In the absence of any solution Smith advocates the promotion of Tibet s right to self determination as the most viable strategy for sustaining international attention and maintaining the most essential elements of Tibetan national identity Smith s thoroughly informed work will be valuable not only to Tibet experts and students but also to the larger world of Tibet activists sympathizers and others attempting to understand China s policies *Voices from Tibet* Tsering Woesser, Lixiong Wang, 2014-01-01 Voices from Tibet assembles essays and reportage in translation that capture many facets of the upheavals wrought by a rising China upon a sacred land and its pious people With the TAR in a virtual lockdown after the 2008 unrest this book sheds important light on the simmering frustrations that touched off the unrest and Beijing s relentless control tactics in its wake The authors also interrogate long standing assumptions about the Tibetans political future Woesser s and Wang s writings represent a rare Chinese view sympathetic to Tibetan causes Their powerful testimony should resonate in many places confronting threats of cultural subjugation and economic domination by an external power *Self-determination, Minority Rights and Oppression* Robert Alan Dickinson, University of Newcastle upon Tyne.
