## **Tide Running A Novel:**

**Complete Novels** R. M. Ballantyne, 2022-11-13 R M Ballantyne's Complete Novels serves as an expansive collection that encapsulates the author's adventurous spirit and vivid storytelling. Ballantyne, a master of the boys' adventure genre in the 19th century, crafts narratives filled with exploration, maritime exploits, and the interplay of man and nature. His prose is characterized by its energetic pacing, rich descriptions, and a moral undertone that reflects the Victorian ideals of courage, camaraderie, and the quest for knowledge. The collection offers a remarkable window into the period's fascination with far-off lands, showcasing themes of colonialism and the trials of youth against unfamiliar terrains, often with a tinge of exoticism that was prevalent in his time. R M Ballantyne was a Scottish author and a chronicler of the British Empire's far-flung adventures, shaped by his own experiences at sea and extensive travels. His upbringing in the Scottish wilderness and a formal education in various subjects, including natural history, fueled his imagination and desire to share tales that both entertained and edified young readers. Ballantyne's experiences with shipwrecks, wildlife, and indigenous cultures inspired his portrayals of heroism and moral dilemmas in the wilderness. For readers seeking exhilarating tales that evoke the timeless themes of adventure and personal growth, Complete Novels is an indispensable addition to their literary collection. This anthology not only captures the essence of youthful exuberance and adventure but also provides critical insights into the societal values and concerns of its era. Whether for casual enjoyment or academic exploration, Ballantyne's narratives remain relevant and engaging, making this collection a treasure trove for enthusiasts of classic literature.
