Time and Narrative, Volume 3 Paul Ricoeur, 2024-05-31 In the first two volumes of this work Paul Ricoeur examined the relations between time and narrative in historical writing fiction and theories of literature This final volume a comprehensive reexamination and synthesis of the ideas developed in volumes 1 and 2 stands as Ricoeur s most complete and satisfying presentation of his own philosophy Ricoeur s aim here is to explicate as fully as possible the hypothesis that has governed his inquiry namely that the effort of thinking at work in every narrative configuration is completed in a refiguration of temporal experience To this end he sets himself the central task of determining how far a poetics of narrative can be said to resolve the aporias the doubtful or problematic elements of time Chief among these aporias are the conflicts between the phenomenological sense of time that experienced or lived by the individual and the cosmological sense that described by history and physics on the one hand and the oneness or unitary nature of time on the other In conclusion Ricoeur reflects upon the inscrutability of time itself and attempts to discern the limits of his own examination of narrative discourse As in his previous works Ricoeur labors as an incomparable mediator of often estranged philosophical approaches always in a manner that compromises neither rigor nor creativity Mark Kline Taylor Christian Century In the midst of two opposing contemporary options either to flee into ever more precious readings or to retreat into ever more safe readings Ricoeur s work offers an alternative option that is critical wide ranging and conducive to new applications Mary Gerhart Journal of Religion
