Time Out For Parents A Guide To Compassionate Parenting:

Time-Out for Parents Cheri Huber, 2004 Children learn more from what we do than from what we say If we want our children to be happy and fulfilled we must model that we must be happy fulfilled adults Choose anything light hearted generous industrious expressive be that way yourself and that is what your children will learn about how adults are How can we as parents be who we want our children to become We are often not happy not fulfilled not in touch with our deepest selves This book presents a practice of compassionate acceptance for who and how we are in any moment It is a book about being kind to ourselves and extending that kindness to others Even when we are not being ideal parents if we model openness and acceptance for how we are in every moment the children around us will learn openness and acceptance for themselves and that is a wonderful gift Book jacket Finding Your Inner Mama Eden Steinberg, 2007-07-10 Motherhood can be one of the most intense and transformative experiences of a woman's life While there are many books that offer the do's and don'ts of effective parenting few offer guidance on navigating the tumultuous inner experience of being a mother with all its joy pain change and uncertainty This collection of writing by psychologists poets novelists spiritual teachers and everyday moms explores the rich transformative journey of motherhood Poet and novelist Louise Erdrich captures the sheer wonder and awe of early motherhood Self-described hip momma Ariel Gore reflects on the challenges of dealing with her daughter's adolescent rebellion Journalist Joan Peters highlights the rise of the Power Mom and the risks of overparenting to our children and ourselves Zen teacher Cheri Huber shares a spiritual perspective sometimes it's us parents who need a time out so that we can be more fully present and loving with our children Previously published in hardcover under the title Your Children Will Raise You Time-out-- for Parents Cheri Huber, Melinda Guyol, 1994 An innovative workbook that brings out the best in kids by bringing out the best in parents **Suffering Is Optional** Cheri Huber, 2024-03-20 Suffering Is Optional Three Keys to Freedom and Joy centers around three basic aspects of Zen practice pay attention believe nothing and don't take anything personally As ending suffering requires that one sees how suffering happens the book urges readers to be willing to be quiet and pay attention to the process of suffering in an effort to see each moment as an opportunity to step beyond illusion into freedom It also argues that examining beliefs abandoning them and returning attention to the present is essential to ending suffering as is living in the awareness that nothing in the universe is personal **Be The Person You Want to Find** Cheri Huber, 2022-12-12 Everything we encounter can help us see who we are if we know how to look Our clearest mirrors and most difficult challenges are often other people those wonderful nagging kind selfish thoughtful lazy sweet arrogant people Becoming aware that what we see in others is a part of who we are is the first and most powerful step on the journey of self discovery This is not a typical how to book on solving your relationship problems The focus here is awareness responsibility clarity and freedom Happy Parents—Happy Children Kristina Lukawska, 2012-04-09 The best gift we can give to our children is to grow and learn how to go beyond our egos limits opening our hearts and minds This

book was created to empower parents to change and awaken their inner loving parent so they can offer their children unconditional acceptance and loving guidance while setting limits gently and skillfully The book is full of powerful exercises and helpful tips to raise healthy emotionally intelligent and happy children A concise practical wise and modern guide for raising children for busy intelligent parents A book written with a compassionate heart and a mind that digested and integrated the lifelong experiences of personal development and helping others Reading the book we go through a thoughtful brief and useful course in psychology and belief therapy Liberating and revealing for parents and beneficial for their children I wholeheartedly recommend this book Wojciech Eichelberger author of A Woman without Blame and Shame Alchemy of the Alchemist and many more

The Big Bamboozle Cheri Huber, Ashwini Narayanan, 2019-03-11 Zen techniques from a renowned Zen teacher to derive greater satisfaction from life Are you making choices that are supposed to give you what you want but leave you feeling unfulfilled and disappointed This new book is based on the Buddha's teachings and the practice of Zen and breaks down the structures of this karmic process Written in a humorous and lighthearted style it illustrates through essays stories and examples what keeps us from choosing well being love happiness and joy as our life experience In addition the book contains a full year of practical exercises and nuggets of wisdom from those who have practiced with these teachings

Making a Change for Good Cheri Huber, 2007-03-13 According to Zen teacher Cheri Huber we are conditioned to think that if we were only a little better in some way we would be happy Life isn't the way it should be and it's my fault But Huber says no amount of self punishment will ever make us happy or bring us control over life's problems The help we are looking for is really found in self acceptance and kindness toward ourselves By simply allowing ourselves to be guided by our innate intelligence and generosity which are our authentic nature we are able to be compassionately present to what's happening now Compassionate self discipline the will to take positive steps in life is found through nothing other than being present When we are present and aware we are not engaged in distracting addictive behaviors If we simply cultivate our ability to pay attention and focus on what is here in this moment our experience can be authentic awake honest and joyful The book includes a guided thirty day program of daily meditation contemplation and journaling For more information on the author Cheri Huber visit her website at www.cherihuber.com

I Don't Want To, I Don't Feel Like It Ashwini Narayanan, Cheri Huber, 2024-05-29 Whether it's a choice such as a class we've signed up for or a chore we feel we have no choice about resistance a voice in the head saying I don't want to I don't feel like it can rocket us from commitment to inaction in a matter of seconds Employing the tenets of Zen Awareness Practice the book provides numerous exercises and tools for working through resistance It reveals how the voice of resistance operates in everyday life the many forms it takes and how to be free of it Transcending resistance is a practice of recognizing it as a process that happens to everybody and not taking it personally
