Teaching, Reading, and Theorizing Caribbean Texts Emily O'Dell,Jeanne Jégousso,2020-08-17 Teaching Reading and

Theorizing Caribbean Texts explores alternative approaches to Caribbean texts from transnational and multilingual perspectives. The authors query what new systems and criteria can be implemented to rethink and remodel our theoretical and pedagogical corpus and alter the lenses through which we study Caribbean texts. Pulling from the Caribbean's global diaspora, the authors examine writers such as Roxane Gay, Esmeralda Santiago, Wilson Harris, and Gloria Anzaldúa in order to resituate the place of Caribbean texts in the classroom. Each chapter argues for a reunification of Caribbean literature studies rather than studying this body of text only in terms of a certain aspect of its history or culture; the authors necessitate the importance of analyzing these works from a pan-Caribbean perspective. This collection discusses the ideas of transcending individual disciplines and specialties to create global theories overcoming pedagogical challenges when bringing Caribbean texts into the classroom and re-reading texts with the purpose of discovering new symbols, themes, and meanings.

Haiti, 2010 **The Vitality of Liberation Theology** Craig L. Nesson, 2012-09-06

The Vitality of Liberation Theology argues for the ongoing necessity of a liberating theology in a world of endemic poverty and economic globalization. Although some have declared liberation theology's demise or even its death, Nesson articulates the imperative and logic of it for a new generation. Latin American liberation theology burst forth as the most original and compelling theological movement from the developing world in the modern period. The story of the emergence and proliferation of liberation theology as well as the opposition to this movement both within and without Latin America is one of the most significant and lasting developments in Christianity since the last third of the twentieth century. Together with other forms of liberating theology from contexts of oppression in diverse parts of the world—anti-apartheid theology in South Africa and Namibia, Minjung theology in Korea, Dalit theology in India, or Palestinian liberation theology—Latin American liberation theology takes a prophetic stand against the hegemony of the status quo and joins league with other subaltern peoples in the cause of freedom from all forms of subjugation and oppression. The dawn of Latin American liberation theology inaugurated a new era in the global theological landscape.

In this book, TIME magazine assembles words and pictures to provide a harrowing and sometimes heart-breaking account of the earthquake, the devastation it left behind, and the struggle that followed to save lives and put a shattered world back together. Combining stories of tragedy and chaos, desperation and miraculous rescue, it offers a powerful vision of one terrible day and the difficult days that followed as the world responded with an outpouring of aid that overwhelmed Haiti's blocked roads, damaged runways, and barely functioning national
