**Hot Topics, Public Culture, Museums** Fiona Cameron, Lynda Kelly, 2020-05-22 Hot Topics Public Culture Museums engages the highly problematic and increasingly important issue of museums science centres their roles in contemporary societies their engagement with hot topics and their part in wider conversations in a networked public culture Hot topics such as homosexuality sexual and racial violence massacres drugs terrorism GMO foods H1N1 swine flu and climate change are now all part of museological culture The authors in this collection situate cultural institutions in an increasingly interconnected complex globalising and uncertain world and engage the why and how institutions might form part of activate conversations and action through discussions that theorise institutions in new ways to the very practical means in which institutions might engage their constituencies Resources in Education, 2000-10 *The Last Man* Tom Lawson, 2014-01-27 Little more than seventy years after the British settled Van Diemen's Land later Tasmania in 1803 the indigenous community had been virtually wiped out Yet this genocide at the hands of the British is virtually forgotten today The Last Man is the first book specifically to explore the role of the British government and wider British society in this genocide It positions the destruction as a consequence of British policy and ideology in the region Tom Lawson shows how Britain practised cultural destruction and then came to terms with and evaded its genocidal imperial past Although the introduction of European diseases undoubtedly contributed to the decline in the indigenous population Lawson shows that the British government supported what was effectively the ethnic cleansing of Tasmania particularly in the period of martial law in 1828-1832 By 1835 the vast majority of the surviving indigenous community had been deported to Flinders Island

where the British government took a keen interest in the attempt to transform them into Christians and Englishmen in a campaign of cultural genocide Lawson also illustrates the ways in which the destruction of indigenous Tasmanians was reflected in British culture both at the time and since and how it came to play a key part in forging particular versions of British imperial identity Laments for the lost Tasmanians were a common theme in literary and museum culture and the mistaken assumption that Tasmanians were doomed to complete extinction was an important part of the emerging science of human origins By exploring the memory of destruction *The Last Man* provides the first comprehensive picture of the British role in the destruction of the Tasmanian Aboriginal population *Fiction as Research Practice* Patricia Leavy, 2016-06-16 Patricia Leavy herself both a highly published qualitative researcher and a novelist explores the overlaps and intersections between these two ways of understanding and describing human experience including a methodological introduction and five stories showing these methods in action **Dictionary Of Modern American Philosophers** John R. Shook, 2005-05-15 The Dictionary of Modern American Philosophers includes both academic and non academic philosophers and a large number of female and minority thinkers whose work has been neglected It includes those intellectuals involved in the development of psychology pedagogy sociology anthropology education theology political science and several other fields before these disciplines came to be considered distinct from philosophy in the late nineteenth century Each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions for further reading While all the major post Civil War philosophers are present the most valuable feature of this dictionary is its coverage of a huge range of less well known writers including hundreds of presently obscure thinkers In many cases the Dictionary of Modern American Philosophers offers the first scholarly treatment of the life and work of certain writers This book will be an indispensable reference work for scholars working on almost any aspect of modern American thought **The 20th Century** Mary Ellen Sterling, 1997-06 **The Oxford Handbook of Health Psychology** Howard S.
