fundamentals of great storytelling with this foundational guide that reveals the essential elements of what makes the best fiction. The Art of Creative Writing is a timeless testament to the power of dialogue and character development that is accessible for every level of writer from beginner to established author. As in the bestselling The Art of Dramatic Writing, still considered one of the most essential books on playwriting more than 75 years after publication, the author outlines in detail his highly acclaimed Egri Method of Creative Writing and shows how to apply it to all fiction formats: novels, short stories, and screenplays. Grounded in Egri's assertion that every type of creative writing depends upon the credibility of a character, here is concise, clear advice on the most important element of good writing: characterization. Step by step, Egri shows writers how to probe the secrets of human motivation to create flesh and blood characters who create suspense and conflict and who grow emotionally under stress and strain. As practical as it is inspiring, The Art of Creative Writing remains a timeless, illuminating guide that teaches every writer and aspiring writer how to create works that are both compelling and enduring.

A Novel Idea Greg Smrdel, 2019-07-16 I know it's another book on writing fiction. Trust me, I get the skepticism. There are thousands of such books out there. I've read a good deal of them myself. Problem was, none of them helped me write my novel. All those books accomplished was to make me feel that writing my novel was even further out of my reach. Story Arcs, Protagonists, Climax, Outlines. I was using my analytical left brain to try to do a creative right brain function. That crossed the wires in my brain and consequently nothing happened. I was in neutral. Then I discovered the magic to writing. It is so easy and simple you likely will be amazed by this secret. It's this discovery that allowed me to write or co-write 5 novels in just a year and a half. I purposely kept this how-to guide to writing fiction light and brief. You don't need a 75,000-word tome to help you write. You just need some short, very concise, step-by-step instructions. I have provided those for you. I have also included a FAQ section and a few writing prompts. Will reading and using this guide guarantee that you too will be a published writer? No, that is still up to you. You will have to do the work. But it will jumpstart you in the right write direction. *Writing a Novel and Getting Published For Dummies* UK George Green, Lizzy E.
