On Sacred Ground Nicholas O'Connell,2011-10-01 On Sacred Ground explores the literature of the Northwest the area that extends from the Pacific Ocean to the Rocky Mountains and from the forty ninth parallel to the Siskiyou Mountains The Northwest exhibits astonishing geographical diversity and yet the entire bioregion shares a similarity of climate flora and fauna For Nicholas O Connell the effects of nature on everyday Northwest life carry over to the region s literature Although Northwest writers address a number of subjects the relationship between people and place proves the dominant one and that has been true since the first tribes settled the region and began telling stories about it thousands of years ago Indeed it is the common thread linking Chief Seattle to Theodore Roethke Narciissa Whitman to Ursula K Le Guin Joaquin Miller to Ivan Doig Marilynne Robinson to Jack London Betty MacDonald to Gary Snyder Tracing the history of Pacific Northwest literary works from Native American myths to the accounts of explorers and settlers the effusions of the romantics the sharply etched stories of the realists the mystic visions of Northwest poets and the contemporary explosion of Northwest poetry and prose O Connell shows how the most important contribution of Northwest writers to American literature is their articulation of a more spiritual human relationship with landscape Pacific Northwest writers and storytellers see the Northwest not just as a source of material wealth but as a spiritual homeland a place to lead a rich and fulfilling life within the whole context of creation And just as the relationship between people and place serves as the unifying feature of Northwest literature so also does literature itself possess a perhaps unique ability to transform a landscape into a sacred place *Great Thoughts from Master Minds* ,1894

The 'Small Landscape' Prints in Early Modern Netherlands Alexandra Onuf,2017-01-02 In 1559 and 1561 the Antwerp print publisher Hieronymus Cock issued an unprecedented series of landscape prints known today simply as the Small Landscapes The forty four prints included in the series offer views of the local countryside surrounding Antwerp in simple unembellished compositions At a time when vast panoramic and allegorical landscapes dominated the art market the Small Landscapes represent a striking innovation This book offers the first comprehensive analysis of the significance of the Small Landscapes in early modern print culture It charts a diachronic history of the series over the century it was in active circulation from 1559 to the middle of the seventeenth century Adopting the lifespan of the prints as

the framework of the study Alexandra Onuf analyzes the successive states of the plates and the changes to the series as a whole in order to reveal the shifting artistic and contextual valences of the images at their different moments and places of publication This unique case study allows for a new perspective on the trajectory of print publishing over the course of the late sixteenth and early seventeenth centuries across multiple publishing houses highlighting the seminal importance of print publishers in the creation and dissemination of visual imagery and cultural ideas Looking at other visual materials and contemporary sources including texts as diverse as humanist poetry and plays agricultural manuals polemical broadsheets and peasant songs Onuf situates the Small Landscapes within the larger cultural discourse on rural land and the meaning of the local in the turbulent early modern Netherlands The study focuses new attention on the active and reciprocal intersections between printed pictures and broader cultural economic and political phenomena

The Creative Writer's Mind Nigel Krauth, 2022-05-10 What goes on in creative writers heads when they write What can cognitive psychology neuroscience literary studies and previous research in creative writing studies tell creative writers about the processes of their writing mind Creative writers have for centuries undertaken cognitive research Some described cognition in vivid exegetical essays but most investigated the mind in creative writing itself in descriptions of the thinking of characters in fiction poetry and plays The inner voicings and inner visualising revealed in Greek choruses in soliloquies in stream of consciousness narratives are creative writers research results from studying their own cognition and the thinking of others The Creative Writer's Mind is a book for creative writers it sets out to cross the gap between creative writing and science between the creative arts and cognitive research
