Transforming Atonement A Political Theology Of The Cross:

Transforming Atonement Theodore W. Jennings, 2009 Many books on the Christian doctrine of atonement have been published in recent years Some point out the difficulties of traditional atonement theories others attempt a revision of one of the classical three types others attempt to combine aspects of these types Jennings attempts something new by approaching the question of the meaning of the cross through close attention to the biblical passages that serve as the basis of any reflection on the cross of Jesus and an engagement with patristic as well as contemporary discussion The result is an alternative theology of the cross that grounds the message concerning the cross in the socio political reality in which it was historically located and points to the way in which this message bears upon contemporary social and ecclesial reality Jennings's truly fresh understanding for Christians of the meaning of Jesus' death specifically grounds the cross in the concrete political confrontation within which it occurred relates the message about the cross to the practice of Jesus thus keeping in relationship the gospels and the theology of Paul and shows how the cross bears on overcoming of human division and sin reconciliation to God and new forms of social reality in the community of the crucified *I Will Repay* Dennis Oh, 2018-02-15 How can Christianity continue to rejoice over a redemption that came at the cost of the violent suffering and death of Jesus Christ In the wake of increasing revulsion toward oppression and abuse both historic and contemporary traditionally Protestant and evangelical theology is in the precarious position of defending one of its cardinal doctrines amidst a host of compelling critiques and alternatives In *I Will Repay* Dennis Oh explores how soteriology rooted in Scripture and resonant with tradition can also be conversant with the cinematic experience offered by popular films It proposes a narrative reenvisioning of the mechanism of atonement that both supports and extends traditional theological categories and vocabularies while retaining the cross centered conviction of an evangelical gospel **The Cross Examen** Roger J. Gench, 2020-10-29 This volume explores the essential relationship between spirituality and activism in conversation with a political theology of the cross The author contends that contemplative practice and activism bear the same cruciform footprint and are integrally connected for the cross of Jesus Christ reveals both the brokenness in our lives and the corresponding brokenness in the world it also discloses the God who is always and already bringing resurrection and life out of the death tending ways of our world The cross and resurrection expose other crosses large and small that litter the landscape of our world and of our personal and corporate lives as well as places where God's resurrecting power is at work bringing life out of death and establishing footholds for the unfolding of the new creation The volume engages Paul's Letter to the Galatians and new scholarly readings of it as a rich resource for reflection on these matters and explores the fruit of the Spirit as political virtues that empower communal participation in God's restorative work in the world Providing new angles of vision on both the cross and the apostle Paul the book expands and enlivens reflection on spirituality and activism as profound and generative resources for contemporary faith and practice *Mapping Modern Theology* Kelly M.

Exercises in New Creation from Paul to Kierkegaard T. Wilson Dickinson, 2018-08-27 This book unfolds a vision for philosophical theology centered on the practices of the care of the self the city and creation Rooted in Paul's articulation of the wisdom of the cross and in conversation with ecological radical and political theologies continental philosophy and political ecology it addresses the challenge of injustice and ecological catastrophe Part one reads 1 Corinthians as an exercise in reading and writing that shapes and changes relationships and capabilities Part two follows this alternative path for theology through Derrida and Kierkegaard and neglected trajectories in Origen Augustine and Luther Along the way reading and writing are explored as exercises that transform selves communities and even habitats They are creaturely acts that can scandalize the dominant orders of consumption and competition for the ends of love and justice This is a philosophical theology engaged with political ecology exercises that help cultivate new creation

Creation and the Cross Johnson, Elizabeth A., 2018-02-22

Saint Paul Elliott C. Maloney, 2014-02-28 In Saint Paul Elliott C Maloney explores what the great saint says about the spiritual life the how to in the day to day activities and concerns of Christians How should people live in covenant relationship with God committed to seeking God's will in every aspect of their lives Spirituality is a popular topic but it is regarded as merely one part of life some higher level of living when compared to ordinary living Even Catholic scholarship Maloney argues notable as it is in Pauline exegesis and theology seems to lack a feel for the overall kind of living that Paul wanted for his communities not to mention how we might appropriate such wisdom for today For Paul all of a believer's life is spiritual life The alternative is a life according to the flesh a self centered life without God a continual spiritual death Based on over forty years of teaching and study of the Pauline letters Maloney's Saint Paul offers a rich vision of Christianity and the spiritual life in Christ

The Letters and Legacy of Paul Margaret Aymer, Cynthia Briggs Kittredge, David A. Sanchez, 2016-10-10 This commentary on the letters and legacy of Paul excerpted from the Fortress Commentary on the Bible The New Testament engages students in the work of biblical interpretation Contributors connect historical critical analysis with sensitivity to current theological cultural and interpretive issues Each chapter Romans through Philemon includes an introduction and commentary based on three lenses ancient context the interpretative tradition and contemporary questions

and challenges The Letters and Legacy of Paul introduces fresh perspectives and draws students preachers and interested readers into the challenging work of interpretation Jesus vs. Caesar Dr. Joerg Rieger, 2018-04-17 When we observe a tension between Jesus and Caesar we acknowledge that a fundamental tension remains at the heart of Christianity When this tension is poorly understood Christians face disastrous consequences The tension is not between religion and atheism or secularism Nor is it between organized religion and personal spirituality The tension is located within the heart of Christianity itself because it is a radical conflict between true and false forms of Christian faith Jesus embodies and exposes this tension in ways that illuminate both how God is with us and what must change for a world that participates in God's life This book serves as an indictment of the pieties of empire whether government corporate or any other forms of the faith that dominate and exclude One form of Christian faith Jesus versus another form of Christian faith Caesar Whom and what will we trust and serve What did Jesus disclose to the religious economic and political worlds of Israel and Rome This tension between true and false forms of religion is also deeply rooted in the Jewish traditions The Hebrew prophets were gravely concerned about established forms of Jewish religion that appear to be respectable but result in oppression The prophet Isaiah hears the voice of God pronouncing judgment You serve your own interest on your fast day and oppress all your workers Isaiah 58:3 True religion loosens the bonds of injustice Isa 58:6 while self-serving religion is false religion This tension between true religion and false religion is a critical opportunity for those who would follow Jesus instead of Caesar

A Theological Introduction to Paul's Letters Yung Suk Kim, 2011-06-10 In this study Kim explores a new way of reading Paul's letters and understanding his theology with a focus on three aspects of Paul's gospel the righteousness of God faith of Christ and the body of Christ Kim argues that Paul's thought can be best understood by reading these genitives as the subjective or attributive genitives rather than as the objective genitives The subjective or attributive reading places an emphasis on the subject's participation God's participatory righteousness Christ's faithful obedience to God and the believer's living of Christ's body Using this approach Kim investigates the root of Paul's theology in a wide array of texts and contexts in the Hebrew Bible Second Temple Judaism the Greco-Roman world and Paul's canonical letters In doing so Kim synthesizes Paul's theology and ethics seamlessly balancing the roles of God Christ and believers in Paul's gospel For the website Study Discussion Questions and Sample Syllabus available at <http://youaregood.com/threefoldtheology.htm> The Politics of the Crucified John C. Peet, 2021-07-30 Jesus died not peacefully in bed but on the cross the instrument of execution used by the Romans to keep potential disturbers of the established political order in their place Until the pioneering work of Jürgen Moltmann the cross has been the elephant in the room in Christian political theology This book explores the difference Jesus's crucifixion makes or should make to Christian political theology by examining the crucifixion in the theologies of the Mennonite John Howard Yoder and the liberation theologians Leonardo Boff and Jon Sobrino In the light of the cross and of the kenotic God revealed by the cross questions of political power are explored and a kenotic political ethic outlined In

conclusion suggestions are made as to how the contemporary church can live out a cruciform or cross shaped political spirituality and ecclesiology *Celebrating Life in Community* Carter Lindberg, Zachary Michael Tackett, 2024-03-05 With some of the finest scholars in Pentecostal and Evangelical studies this book approaches pastoral and academic dynamics dear to the thought and practice of Murray W Dempster Three overriding themes are addressed biblical and theological studies peacemaking and the Christian witness and the work of the church in the broader community *Outlaw Justice* Theodore W. Jennings , Jr., 2013-04-17 This book offers a close reading of Romans that treats Paul as a radical political thinker by showing the relationship between Paul s perspective and that of secular political theorists Turning to both ancient political philosophers Plato Aristotle and Cicero and contemporary post Marxists Agamben Badiou Derrida and i ek Jennings presents Romans as a sustained argument for a new sort of political thinking concerned with the possibility and constitution of just socialities Reading Romans as an essay on messianic politics in conversation with ancient and postmodern political theory challenges the stereotype of Paul as a reactionary theologian who invented Christianity and demonstrates his importance for all regardless of religious affiliation or academic guild who dream and work for a society based on respect rather than domination division and death In the current context of unjust global empires constituted by avarice arrogance and violence Jennings finds in Paul a stunning vision for creating just societies outside the law *Sacrifice and Atonement* Stephen Finlan, 2016-06-03 Beneath the commonplace affirmation that Jesus paid for our sins lie depths of implication did God demand a blood sacrifice to assuage divine anger Is sacrifice consciously or unconsciously intended to induce the deity to show favor What underlies the various metaphors for atonement used in the Bible Here Stephen Finlan surveys psychological theories that help us to understand beliefs about sacrifice and atonement and what they may reveal about patterns of injury guilt shame and appeasement Early chapters examine the language in both testaments of purity and the scapegoat and of payment obligation reciprocity and redemption Later chapters review theories of the origins of atonement thinking in fear and traumatic childhood experience in ambivalent or avoidant attachment to the parents and in poisonous pedagogy The theories of Sandor Rado Mary Ainsworth Erik Erikson and Alice Miller are examined then Finlan draws conclusions about the moral responsibility of appropriating or rejecting atonement metaphors His arguments bear careful consideration by all who live with these metaphors and their effects today **Fortress Commentary on the Bible** Margaret Aymer, Cynthia Briggs Kittredge, David A. Sánchez, 2014-10-01 The Fortress Commentary on the New Testament presents a balanced synthesis of current scholarship The contributors bring a rich diversity of perspectives to the task of connecting solid historical critical analysis of Scripture with sensitivity to theological cultural and interpretive issues arising in our encounter with the text The volume includes introductory articles section introductions and individual book articles that explore key sense units through three lenses The Text in Its Ancient Context The Text in the Interpretive Tradition The Text in Contemporary Discussion Comprehensive and useful for preaching teaching and research *2 Corinthians: An Introduction and Study Guide* Jay

Twomey, 2017-01-12 This guide considers the historical contexts the literary forms the social and rhetorical backgrounds the politics the theologies and the reception of 2 Corinthians Each chapter surveys recent scholarly approaches to the text focussing especially on critical perspectives that mesh with our contemporary concerns about gender identity race and class 2 Corinthians becomes in the process less the work of a single 1st century writer than a set of fraught even fractured negotiations between competing interests and impulses conducted in Paul s voice The last chapter brings the letter into conversation with Nathaniel Hawthorne s short story The Minister s Black Veil in order to shift the terms of the critical discussion from what Paul meant to how Paul means in later cultural moments Twomey introduces students to the way 2 Corinthians offers a fascinating but fragmentary glimpse into Paul s continuing ties with the Corinthian community At the same time Twomey shows how the letter is the site of many new critical challenges to traditional readings of Paul and early Christianity In contrast to 1 Corinthians this 2 Corinthians largely eschews the debates and discussions the interests and concerns of Paul s correspondents Instead we find Paul engaged in a multi pronged defence of his ministry in and beyond Corinth Over the course of thirteen chapters he runs the gamut of the emotions rhetorically from tears to joy to biting anger while struggling to keep his relationship with some say his control over the community intact
