Palestine's Horizon Richard Falk, 2017-03-20 Richard Falk has dedicated much of his life to the study of the Israel Palestine conflict In *Palestine's Horizon* he brings his experiences to bear on one of the most controversial issues of our times After enduring years of violent occupation the Palestinian movement is exploring different avenues for peace These include

the pursuit of rights under international law through the UN and International Criminal Court and the new emphasis on global solidarity and non violent militancy embodied by the Boycott Divestment and Sanctions Campaign BDS In focusing on these new tactics of resistance Falk refutes the notion that the Palestinian struggle is a lost cause He also reflects on the legacy of Edward Said and the importance of his humanist thought in order to present a vision of peace that is mindful of the formidable difficulties of achieving a just solution to the long conflict *Understanding Nonviolence* Maia Carter Hallward, Julie M. Norman, 2015-09-15 The use of nonviolent action is on the rise From the Occupy Movement to the Arab Spring and mass protests on the streets of Brazil activists across the world are increasingly using unarmed tactics to challenge oppressive corrupt and unjust systems But what exactly do we mean by nonviolence How is it deployed and to what effect Do nonviolent campaigns with political motivations differ from those driven by primarily economic concerns What are the limits and opportunities for activists engaging in nonviolent action today Is the growing number of nonviolence protests indicative of a new type of twenty first century struggle or is it simply a passing trend *Understanding Nonviolence: Contours and Contexts* is the first book to offer a comprehensive introduction to nonviolence in theory and practice Combining insightful analysis of key theoretical debates with fresh perspectives on contemporary and historical case studies it explores the varied approaches aims and trajectories of nonviolent campaigns from Gandhi to the present day With cutting edge contributions from leading scholars and practitioners in the field this accessible and lively book will be essential reading for activists students and teachers of contentious politics international security and peace and conflict studies *Narratives of Identity in Social Movements, Conflicts and Change* Landon E. Hancock, 2016-08-26 This volume focuses on analyses of identity and narratives of identity in conflict outbreaks dynamics resolution and or post conflict peacebuilding and transitional justice *Boundaries, Identity and belonging in Modern Judaism* Maria Diemling, Larry Ray, 2015-09-07 The drawing of boundaries has always been a key part of the Jewish tradition and has served to maintain a distinctive Jewish identity At the same time these boundaries have consistently been subject to negotiation transgression and contestation The increasing fragmentation of Judaism into competing claims to membership from Orthodox adherence to secular identities has brought striking new dimensions to this complex interplay of boundaries and modes of identity and belonging in contemporary Judaism *Boundaries Identity and Belonging in Modern Judaism* addresses these new dimensions bringing together experts in the field to explore the various and fluid modes of expressing and defining Jewish identity in the modern world Its interdisciplinary scholarship opens new perspectives on the prominent questions challenging scholars in Jewish Studies Beyond simply being born Jewish observance of Judaism has become a lifestyle choice and active assertion Addressing the demographic changes brought by population mobility and marrying out as well as the complex relationships between Israel and the Diaspora this book reveals how these shifting boundaries play out in a global context where Orthodoxy meets innovative ways of defining and acquiring Jewish identity This book is essential reading for students and

PEACE AND FAITH Christian Churches and the Israeli Palestinian Conflict composed of new essays is the first collection to bring together writers from different faith communities to discuss the Boycott Divestment and Sanctions movement's impact on one of the more fractious topics addressed by Christian denominations the Israeli Palestinian conflict In so doing it builds on interfaith projects under way for decades Theology and politics intermingle in debates taking place in local churches Christian NGOs and national church meetings that define official policy The debates revive and reframe the most basic values of Christianity and the questions church members seek to resolve How do Christians today hew to the principles Jesus articulated How can justice be pursued in the context of competing national narratives and historical understandings What bearing do or should centuries of Christian violence against Jews and Muslims have on contemporary theology and ethics Is it ethical or even possible to set aside millennia of Christian anti-Semitism in judging Israel's conduct What Christian values should be honored in pursuing Jesus's mission of reconciliation today How may the pursuit of truth be corrupted by passionate social witness Can advocacy cross the line into hatred These are among the critical questions this collection poses and attempts to address **Boycotting Israel is Wrong** Philip Mendes, Nick Dyrenfurth, 2015-05-01 This is the first progressive book to argue that the BDS movement boycott divestment and sanctions against Israel is the wrong way to broker peace in the Israeli Palestinian conflict rather it argues that peace will come only when both Israelis and Palestinians legitimate claims to statehood are recognised by both sides The BDS movement boycott divestment sanctions against Israel

has gained traction and publicity worldwide for a decade Yet here Philip Mendes and Nick Dyrenfurth two politically progressive commentators argue that BDS is far too blunt an instrument to use in such a complex political situation Instead they critically analyse the key arguments for and against BDS and propose a solution that supports Israel s existence and Palestinian rights to a homeland urging mutual compromise and concessions from both sides *Lives in Solidarity* Jana Jevtić,2023-09-20 *Lives in Solidarity* is an intimate and compelling description of BDS activism among Muslims living in two different cultural contexts England and Bosnia Unlike public discussions of BDS activism that tend to lack nuance it explores both why Muslims engage in BDS activism and how they weave it into their daily lives Not only is this a thoughtful ethnography of a critical but often ignored dimension of BDS activism it is also an important corrective to scholarship that treats affective ethical and passionate attachments as inconsequential to politics *Visualizing the Palestinian Struggle* Terri Ginsberg,2016-10-26 This book offers a much needed focus on Palestine solidarity films supplying a critical theoretical framework whose intellectual thrust is rooted in the challenges facing scholars censored for attempting to rectify and reverse the silencing of a subject matter about which much of the world would remain uninformed without cinematic and televisual mediation Its innovative focus on Palestine solidarity films spans a selected array of works which began to emerge during the 1970s made by directors located outside Palestine Israel who professed support for Palestinian liberation *Visualizing the Palestinian Struggle* analyzes Palestine solidarity films hailing from countries such as Canada the United Kingdom Egypt Iran Palestine Israel Mexico and the United States *Visualizing the Palestinian Struggle* is an effort to insist constructively upon a rectification and reversal of the glaring and disproportionate minimization and distortion of discourse critical of Zionism and Israeli policy in the cinematic and televisual public sphere **Unsettled** Oren Kroll-Zeldin,2024-06-11 Examines how young Jewish Americans fundamentally Jewish values have led them to organize in solidarity with Palestinians *Unsettled* digs into the experiences of young Jewish Americans who engage with the Palestine solidarity movement and challenge the staunch pro Israel stance of mainstream Jewish American institutions The book explores how these activists address Israeli government policies of occupation and apartheid and seek to transform American Jewish institutional support for Israel Author Oren Kroll Zeldin identifies three key social movement strategies employed by these activists targeting mainstream Jewish American institutions participating in co resistance efforts in Palestine Israel and engaging in Boycott Divestment and Sanctions BDS campaigns He argues that these young people perceive their commitment to ending the occupation and Israeli apartheid as a Jewish value deeply rooted in the changing dynamics of Jewish life in the twenty first century By associating social justice activism with Jewish traditions and values these activists establish a connection between their Jewishness and their pursuit of justice for Palestinians In a time of internal Jewish tensions and uncertainty about peace prospects between Palestine and Israel the book provides hope that the efforts of these young Jews in the United States are pushing the political pendulum in a new direction potentially leading to a more balanced and nuanced conversation *The*

Palestinian Women and Popular Resistance Liyana Kayali, 2020-11-09 This book explores Palestinian women's views of popular resistance in the West Bank and examines factors shaping the nature and extent of their involvement Despite the signing of the Oslo peace accords in 1993 and 1995 the Occupied Palestinian Territories in the contemporary period have experienced tightened Israeli occupational control and worsening political humanitarian security and economic conditions Based on ethnographic fieldwork conducted with women in the West Bank this book looks at how Palestinian women in the post Oslo period perceive negotiate and enact resistance It demonstrates that far from being apathetic as some observers have charged Palestinian women remain deeply committed to the goals of national liberation and wish to contribute to an effective popular resistance movement Yet many Palestinian women feel alienated from prevailing forms of collective popular resistance in the OPT due to the low levels of legitimacy they accord them This alienation has been made stark by the gendered and intersecting impacts of expanding settler colonialism tightening spatial control a professionalised and depoliticised civil society reinforced patriarchal constraints Israeli and Palestinian Authority PA repression and violence and a deteriorating economy all of which have raised the barriers Palestinian women face to active participation Undertaking a gendered analysis of conflict and resistance this volume highlights significant changes over the course of a long running resistance movement Readers interested in gender and women's studies the Arab Israel conflict and Middle East politics will find the study beneficial

The Palestinian-Arab Citizens of Israel: Towards the Internationalisation of National Aspirations Ilham Shahbari, 2021-01-28 The relations between the Israeli state and its Arab citizens have been distorted by the perception that national security concerns require the full rights of citizenship to be restricted for members of the Arab community However

the national security of the state can also be affected by a poor reputation in the international community which plays a vital role in sustaining the existence of the state This created a space for Arab intelligentsia to use internationalisation as a means to promote their cause This study is designed to explore and analyse the internationalisation process and its impact regarding the Arab community in Israel It is a beneficial source to academics experts policymakers journalists and other experts and interested members of the public

The Middle East in the World Lucia Volk,2015-02-11 The Middle East in the World offers students a fresh comprehensive multidisciplinary entry point to the broader Middle East After a brief introduction to the study of the region the early chapters of the book survey the essentials of Middle Eastern history important historical narratives and the region's languages religions and global connections Students are guided through the material with relevant maps resource boxes and text boxes that support and guide further independent exploration of the topics at hand The second half of the book presents interdisciplinary case studies each of which focuses on a specific country or sub region and a salient issue offering a taste of the cultural distinctiveness of the particular country while also drawing attention to global linkages Readers will come away from this book with an understanding of the larger historical political and cultural frameworks that shaped the Middle East as we know it today and of current issues that have relevance in the Middle East and beyond

Friends of Israel Hilary Frances Aked,2023-04-18 Is there such a thing as the Israel lobby and how powerful is it really Friends of Israel provides a forensically researched account of the activities of Israel's advocates in Britain showing how they contribute to maintaining Israeli apartheid The book traces the history and changing fortunes of key actors within the British Zionist movement in the context of the Israeli government's contemporary efforts to repress a rising tide of solidarity with Palestinians expressed through the Boycott Divestment and Sanctions BDS movement Offering a nuanced and politically relevant account of pro Israel actors strategies tactics and varying levels of success in key arenas of society it draws parallels with the similar anti boycott campaign waged by supporters of the erstwhile apartheid regime in South Africa By demystifying the actors involved in the Zionist movement the book provides an anti racist analysis of the pro Israel lobby which robustly rebuffs anti Semitic conspiracies Sensitively and accessibly written it emphasises the complicity of British actors both those in government and in civil society Drawing on a range of sources including interviews with leading pro Israel activists and Palestinian rights activists documents obtained through Freedom of Information requests and archival material Friends of Israel is a much needed contribution to Israel Palestine related scholarship and a useful resource for the Palestine solidarity movement

Dreams Deferred Cary Nelson,2016-07-11 Dreams Deferred arrives as debates about the future of the Middle East and the Israeli Palestinian conflict intensify under the extraordinary pressure of a region in chaos The book empowers readers to be informed participants in conversations and debates about developments that increasingly touch all of our lives Its sixty concise but detailed essays give facts and arguments to assist all who seek justice for both Israelis and Palestinians and who believe the two state solution can yet be realized Inspired both by the vision of a

democratic Jewish state and by the need for Palestinian political self determination the book addresses the long history of the Israeli Palestinian conflict and its current status It demonstrates that the division and suspicion promoted by the Boycott Sanctions and Divestment BDS movement will only undermine the cause of peace Public Relations and Sustainable Citizenship Debashish Munshi, Priya Kurian, 2020-11-25 This book examines how public relations might re imagine itself as an instrument of sustainable citizenship by exploring alternative models of representing and building relationships with and among marginalised publics that disrupt the standard discourses of public relations It argues that public relations needs to situate itself in the larger context of citizenship the values and ethics that inform it and the attitudes and behaviours that characterize it Interlacing critical public relations with a theoretical fabric woven with strands of postcolonial histories indigenous studies feminist studies and political theory the book brings out the often unseen processes of relationship building that nurtures solidarity among historically marginalized publics The book is illustrated with global cases of public relations as sustainable citizenship in action across three core elements of the earth air water and land In each of the cases readers can see how resistance movements not necessarily aligned with any specific organization or interest group are seeking to change the status quo of a world increasingly defined by exploitation overconsumption sectarianism and faux nationalism This challenging book will be of interest to students and scholars of not only public relations but also the broader social and management sciences who are interested in issues of environmental and social justice
