Treasury Of Chinese Love Poems Hippocrene Treasury Of Love:

Treasury of Chinese Love Poems Xiaolong Qiu, 2003 Qiu Xiaolong is extravagantly qualified for translating these poems having as a citizen of China won prizes for his own poetry and for translating T S Eliot and other English and American poets into Chinese and more recently as a citizen of the United States won prizes for his own poetry and fiction in English To my mind the Changgan Song in this collection rivals Ezra Pound's justly famous loosely translated version The River Merchant's Wife These renderings have a limpidity of the language and metaphor and a subtle rhythm and Qiu has a poet's sixth sense for when occasionally to lift the line with a less direct and more evocative word we are thus rescued from the flatness of some translations of early Chinese poetry This is a generous book and a very welcome addition to the poetry of love and longing from our Significant Stranger the Chinese nation Mona Van Duyn *Cloud-Beam Medley* Barbara Hantman, 2007-05-22 *Cloud Beam Medley* is Barbara Hantman's fifth book of verse It is divided into seven chapters that capture diverse thematic categories Mosaic Memories Hats Off In Tribute From Burden to Bliss Earth's Glow Nesting Chuckle and Whimsy and The World So Much With Us Spanish and Hebrew are represented with a smattering of bilingual poems The author has tapped her Jewish roots outstanding men and women both famous and in her personal circle awareness of obstacle and triumph and the beauty and comforts of nature family life and humor The book concludes on a serious note with what Unamuno dubbed the tragic sense of life *Beginner's Chinese* Yong Ho, 2005-03 This popular introduction to Mandarin Chinese is now accompanied by 2 audio CDs covering each of the ten lessons with a special section devoted to the Pinyin dialect Each lesson uses dialogues to teach the basics of grammar vocabulary everyday speech and the written language Exercises reinforce the material covered in the dialogues and each lesson ends with a Cultural Insights section that offers a deeper view into the Chinese people Their way of thinking and the constants of their daily life *China Mysteries* Jeffrey C. Kinkley, 2023-12-31 With the 1989 Beijing massacre fading from popular memory in the West China from the mid 1990s to a few years ago felt more open than ever to global trade communication travel and cultural and educational exchanges There was even talk in the mainstream press that China was heading toward a more democratic future It was during this second Sino Western honeymoon that authors in the US Canada France the UK and elsewhere began writing mystery fiction set in contemporary China in their regional languages These China mysteries crime detective and mystery thriller novels that take place in China but were not written or published there formed a new genre of popular fiction that highlighted the world's hopes and fears after Tiananmen The multinational and multicultural writers of China mysteries among them ex PRC nationals like Qiu Xiaolong Zhang Xinxin and Diane Wei Liang converged on the China Mainland to negotiate political and cultural complexities through crime fiction plotlines Their books emerged from Western lineages of the modern novel and popular genre fiction with Chinese contributions and depended on Western commercial publishing models shaped by cultural national political and economic factors This work examines more than a hundred China mysteries

many describing and analyzing social and economic changes at the center of modern life in China to provide a brief history of the genre and analyze the formulaic and original elements of the mysteries including their attention to matters of location social content characterization history and biography It also highlights the role of information acquisition as a motivation for readers and authors of popular fiction which has become a topic of discussion in Chinese literature studies With its timely commentary on Sino Western relations as presented through crime fiction China Mysteries will appeal to students and scholars of contemporary Chinese literature and culture as well as fans of crime novels and others who are curious about the global dimensions of the genre and how it complicates our understanding of world literature Intermediate Chinese Yong Ho,2005 This continuation builds on the material in the earlier book allowing users to expand their familiarity with Mandarin Chinese The new audio CD feature is especially helpful to learning and understanding the language as spoken The ten lessons although similar in structure to those in the earlier volume provide a stronger emphasis on grammar and vocabulary The glossary features vocabulary lists from both volumes

by Robin McCoy Brook Jon Mills **Sensing Art in the Atmosphere** Sasha Engelmann, 2020-09-28 This book engages artistic interventions in the aerial elements to investigate the aesthetics and politics of atmosphere Sensing Art in the Atmosphere Elemental Lures and Aerosolar Practices traces the potential of artistic community driven experiments to amplify our sensing of atmosphere marrying attentions to atmospheric affect with visceral awareness of the materials institutions and processes hovering in the air Drawing on six years of practice led research with artistic and activist initiatives Museo Aero Solar and Aerocene initiated by artist Tom s Saraceno each chapter develops creative relations to atmosphere from the studio to stratospheric currents Through narrative led writing the voices of artists and collaborators are situated and central In dialogue with these aerographic stories and sites the book develops a notion of elemental lures the sensual and imaginative propositions of aerial atmospheric and meteorological phenomena The promise of elemental lures Engelmann suggests is to reconcile our sensing of atmosphere with the myriad social cultural and political forces suspended in it Through tales of floating journeys shared envelopes of breath and surreal levitations the book foregrounds the role of art in crafting alternative modes of perceiving moving and imagining in the air The book ends with a call for elemental experiments in the geohumanities It makes an important and original contribution to elemental geographies the geohumanities and interdisciplinary scholarship on air and atmosphere

Romantic Love in Cultural Contexts Victor Karandashev, 2016-12-24 This volume presents a conceptual historical anthropological and sociological review of how culture affects our experience and expression of romantic love What is romantic love and how is it different from and similar to other kinds of love How is romantic love related to sex and marriage in human history and across contemporary cultures What cultural factors mediate attraction in love These are some of the questions the volume explores through its interdisciplinary yet focused lens Much of the current research evidence suggests that love is a universal emotion experienced by a majority of people in various historical eras and in all the world s cultures Yet love displays in different ways because culture has an impact on people s conceptions of love and the ways they feel think and behave in romantic relationships This volume summarizes classical knowledge on love and culture while at the same time focusing sharply on recent studies and cutting edge research that has advanced the field Divided into three parts the volume begins by defining and analyzing the concept of romantic love and interdisciplinary approach to its study in cultural context Part II traces the origin and evolution of romantic love both in various places throughout the world and various time periods throughout history Part III presents the revolutionary expansion of romantic love ideas and practices in the late 20th and early 21st centuries in various parts of the world focusing particularly on the development of romantic love as a cultural ideal of the modern cultures Finally the book concludes by summarizing the major achievements in this field of study and predicts future development A timely and thoughtful addition to the literature Romantic Love in Cultural Contexts delivers thought provoking insights to researchers in relationship scholarship sociology anthropology and cultural studies and all those interested in the universal human concept

of love Overall I find Dr Victor Karandashev is an excellent and fine scholar who has a firm grasp of both the fundamental principles of cross cultural research and of anthropology In our increasingly connected world Romantic Love in Cultural Contexts updates and adds to the descriptions and explanations of similarities and differences in romantic love across generations and cultures Romantic love encompasses the life span rather than being a phenomenon largely confined to youthful years The topic of this project concerns the deepest of our sentiments and pervades life from birth to death This book contributes to better knowledge of this phenomenon across generations Flix Neto Professor of Psychology Faculdade de Psicologia e de Ciências da Educação Universidade do Porto Portugal *The Publishers Weekly*, 2003 **Comparative**
