Understanding Western Tourists In Developing Countries Cabi Publishing:

Understanding Western Tourists in Developing Countries T. Van Egmond, Antionius Nicolaas Francesco van Egmond, 2007 Developing countries are increasingly reliant on tourism to generate income To do this successfully it is critical for them to have an understanding of the tourist phenomenon This book provides a clear overview of West South tourism reviewing and evaluating both theoretical perspectives as well as empirical studies of organized tours backpackers independent tourists and volunteer tourism It concludes by outlining how developing countries can plan to attract the right kind of tourists

Understanding Western Tourists in Developing Countries Antionius Nicolaas Francesco van Egmond, 2007 It will be a valuable resource for students and researchers in leisure recreation and tourism and to practitioners implementing tourism programs in developing countries **BOOK JACKET** **Controversies in Tourism** Peter M. Burns, 2012 Tourism impacts on locations in many ways socially environmentally culturally and economically This book examines some well established controversies in tourism and some newly emerging controversial aspects associated with tourism as an activity and a business Controversies involving clashes between visitors and host communities the rights and wrongs of eco tourism the impacts of mega events the legitimacy of dark tourism and the costs and benefits of medical and wildlife tourism are assessed This book is an interesting and thought provoking work ideal for tourism students research

Worldwide Destinations Brian Boniface, MA, Chris Cooper, Robyn Cooper, Brian Boniface Ma, 2010-12-30 Worldwide Destinations The Geography of Travel and Tourism is a unique text that explores the demand supply organisational aspects and resources of every tourism destination in the world This fifth edition is brought up to date with key features such as An exploration of current issues such as climate change economic capacity grey tourism and social impacts New full colour interior packed iwth helpful pedagogic features including discussion points and assignments to encourage greater student involvement A companion website is now available at www.elsevierdirect.com 9780750689472 and includes interactive multiple choice questions for students to test their own learning A new and fully updated edition of Worldwide Destinations Casebook is also available with 38 in depth cases to help bring textbook theory to life The book provides thematic chapters at the beginning which detail the geographical knowledge and principles required to understand how to approach the analysis of destinations The further division of the book into thematic and regional chapters enables the student to carry out a systematic analysis of a particular destination Worldwide Destinations The Geography of Travel and Tourism is an invaluable resource for studying every destination in the world as well as the demand resources and future of the geography of tourism This thorough guide is a must have for any tourism student *The Practice of Sustainable Tourism* Michael Hughes, David Weaver, Christof Pforr, 2015-06-19 Sustainable tourism is a widely used term that has accumulated considerable attention from researchers and policy makers over the past two decades However there is still an apparently wide gap between theory and practice in the area Recent scholarly research has tended to focus on niche areas of alternative tourism rather than

address the broader issues and vagaries and paradoxes that appear to plague the broader notion of sustainable tourism As such there is a need for a new and pragmatic analysis of sustainable tourism as an overarching idea and how this manifests in practice The Practice of Sustainable Tourism fulfils this need by offering a fresh perspective on sustainable tourism as an umbrella concept with inherent tensions It presents a way of thinking about tourism based on the notion of finding common ground using the dialectic tradition of philosophy Dialectics focusses on resolving opposing viewpoints by recognising they have common elements that can be combined into a rational and practical solution over time As part of this approach the book examines the strongly apparent tensions within alternative tourism as well as the paradox of continuing growth and other mass tourism related issues It is divided into three parts Part I includes chapters discussing the general concept of sustainable tourism its history current status and possible futures Part II includes a range of destination case studies exploring how sustainable tourism has been applied and Part III includes perspectives from the tourism operator view Given the international content and challenging themes the book will be appealing internationally to students researchers and academics in the fields of tourism geography sustainability and social science

Ethnic and Minority Cultures as Tourist Attractions Anya Diekmann, Melanie K. Smith, 2015 This book focuses on ethnic and minority communities in urban contexts and the ways in which their cultures are represented in tourism development It offers a multi disciplinary approach which draws on examples and case studies of ethnic and minority communities and cultural tourism development from all around the world including slums in India favelas in Brazil Chinatowns in Australia Jewish quarters in Central and Eastern Europe ethnic villages in China the African district of Brussels the gay quarter in Cape Town and a desert town in Israel It offers a positive perspective on ethnic and minority cultures and communities at a time when social and political support is lacking in many countries This book will be a useful resource for those studying and researching cultural and urban tourism urban planning and development community studies and urban and cultural geography

Worldwide Destinations Brian Boniface, Robyn Cooper, Chris Cooper, 2016-03-31 Worldwide Destinations The Geography of Travel and Tourism is a unique text that explores tourism demand supply organisation and resources for a comprehensive range of destinations and every country worldwide The seventh edition is brought up to date with features such as An exploration of current issues such as climate change sustainability mobilities emerging markets demographic changes and the social impacts of tourism New and updated case studies throughout More emphasis on emerging countries in Africa and Asia Improved full colour presentation packed with useful learning resources such as location maps discussion questions and assignments to aid understanding Online resources for lecturers and students including multiple choice questions per chapter power points web links and video links The first part of the book comprises thematic chapters which detail the geographic knowledge and principles required to analyse the tourism appeal of destinations The subsequent division of the book into regional chapters enables the student to carry out a systematic analysis of a particular destination by providing insights on cultural characteristics as well as

information on specific places Worldwide Destinations is an invaluable resource for studying every destination in the world by explaining tourism demand evaluating the many types of tourist attractions and examining the trends that may shape the future geography of tourism This thorough guide is a must have for any student undertaking a course in travel and tourism

Tourism, Progress and Peace Omar Moufakkir,Ian Kelly,2010 Tourism has the potential to contribute to world peace and through appropriate management to address current realities such as globalization migration conflicts prejudices and poverty By providing a range of international perspectives and case studies this book discusses the interrelation between peace conflict resolution and tourism the role of industry and the role of the individual and tourism as a catalyst for change and development Exploring the ideas that there is more to peace than the absence of war and that there is more to tourism than economic interests this book is the first of its kind and an essential resource for researchers students and policymakers in tourism and related subjects

Planning for Tourism, Leisure and Sustainability Anthony S. Travis,2011 Providing a wide range of case studies in sustainable tourism planning this authoritative work presents cases at both international and national levels as well as on a regional sub regional urban local and site scale Drawing on the author s world wide experience and with contributions from professionals in the field this book takes a comparative approach relating to different economic political and temporal dimensions examining established initiatives both in the context of the standards of the time and from a modern perspective looking back With an emphasis on sustainability this un

Beyond Backpacker Tourism Kevin Hannam,Anya Diekmann,2010 Building on previous work on backpacking this book takes the analysis of backpacker tourism further by engaging both with new theoretical debates into tourism experiences and mobilities as well as with new empirical phenomena such as the rise of the flashpacker and alternative destinations
