Voyage to Curiosity's Father Bruce Moen, 2001-05-01 Are you God the Planning Intelligence asked No I replied Guess it depends on your perspective It said To author Bruce Moen these words acknowledged that his odyssey into the nonphysical realms of existence would at last carry him back to the origin of consciousness itself to the source he calls Curiosity's Father In this latest installment in his popular Exploring the Afterlife Series Moen takes you on his deepest exploration of the vast uncharted spaces beyond reality Meeting those who have gone before he asks What is consciousness Where do we and our perceptions fit into what is ultimately real How can we discover what lies before and beyond our lives on Earth You will enjoy Moen's ability to translate the difficult metaphysical concepts learned during his out of body explorations into easily understood metaphors and images Going back and back and back to Curiosity's Father provides a stunning glimpse into the ultimate nature of consciousness It is a journey unlike any you have taken before

Searching for Eternity Donald R. Morse, 2000 What happens when we die Do we simply cease to exist with our consciousness obliterated for all eternity Or do we have an enduring soul that can continue to experience awareness and some form of ongoing life Does God exist Without a creator how can the universe exist What is the purpose of the universe and what is its ultimate fate Does our behavior in day to day life really influence what happens to us after we die Why do many people believe in a heaven and a hell What is the basis of these beliefs Should we be anxious about our death or just enjoy life in the here and now Can these ultimate mysteries be solved by science What does science already know about the mysteries of creation Sooner or later all of us will face the stark reality of death Many people go through life with an increasing awareness and increasing anxiety about their eventual fate Dr Don Morse a scientist who believed in the absolute finality of death did too Then his near death experience led him on a quest to uncover what science knows about the nature of death Dr Morse's subsequent spiritual journey led him through the entire realm of science and religious beliefs until he came to an inescapable conclusion Some form of an afterlife must exist Join Dr Morse as he summarizes the vast research and data leading to this conclusion Near death and out of body experiences experiments creating apparitions research attempting to weight the soul and the wide range of ancient and modern spiritual concepts are all covered in this masterful comprehensive scientific quest for truth back cover
