Volkswagen Beetle Richard Copping, 2014-09-10 Few cars have achieved the iconic status of Volkswagen's classic and much loved Beetle yet its origins are intertwined with the dark days of Nazism This book looks at those origins at the marque's initial post war rescue by the British and the effect of early VW Director General Heinz Nordhoff's forward looking desire to perfect one model rather than spread the company's talent over a range of designs at the impact of radical minded advertising campaigns and at the Beetle's never to be beaten production record for a single model of nearly 22 million cars Bringing the reader right up to the present day marque expert Richard A Copping recounts the Beetle's story in a lively and authoritative manner guaranteed to delight devotee and casual browser alike
