Collected Works of Erasmus Desiderius Erasmus,1997-12-15 Erasmus Familiar Colloquies grew from a small collection of phrases sentences and snatches of dialogue written in Paris about 1497 to help his private pupils improve their command of Latin Twenty years later the material was published by Johann Froben Basel 1518 It was an immediate success and was reprinted thirty times in the next four years For the edition of March 1522 Erasmus began to add fully developed dialogues and a book designed to improve boys use of Latin and their deportment soon became a work of literature for adults although it retained traces of its original purposes The final Froben edition March 1533 had about sixty parts most of them dialogues It was in the last form that the Colloquies were read and enjoyed for four centuries For modern readers it is one of the best introductions to European society of the Renaissance and Reformation periods with lively descriptions of daily life and provocative discussions of political religious social and literary topics presented with Erasmus's characteristic wit and verve Each colloquy has its own introduction and full explanatory historical and biographical notes Volumes 39 and 40 of the Collected Works of Erasmus series Two volume set

France on the Eve of Revolution John Lough,2016-06-10 Before the Terror and then the Napoleonic Wars made it impracticable to travel through France many young British men and women were able to watch at first hand the changes taking place in French society and the agitations that were becoming increasingly loud for reform This

book originally published in 1987 is a study of France in these crucial years seen through the eyes of the travellers It marries the travellers accounts to analysis of the political state of France to produce a book equally illuminating of British taste and attitudes to France and of the French political and social scene Revolutions Without Borders Janet L. Polasky,2015-01-01

A sweeping exploration of revolutionary ideas that traveled the Atlantic in the late eighteenth century Nation based histories cannot do justice to the rowdy radical interchange of ideas around the Atlantic world during the tumultuous years from 1776 to 1804 National borders were powerless to restrict the flow of enticing new visions of human rights and universal freedom This expansive history explores how the revolutionary ideas that spurred the American and French revolutions reverberated far and wide connecting European North American African and Caribbean peoples more closely than ever before Historian Janet Polasky focuses on the eighteenth century travelers who spread new notions of liberty and equality It was an age of itinerant revolutionaries she shows who ignored borders and found allies with whom to imagine a borderless world As paths crossed ideas entangled The author investigates these ideas and how they were disseminated long before the days of instant communications and social media or even an international postal system Polasky analyzes the paper records books broadsides journals newspapers novels letters and more to follow the far reaching trails of revolutionary zeal What emerges clearly from rich historic records is that the dream of liberty among America s founders was part of a much larger picture It was a dream embraced throughout the far flung regions of the Atlantic world **The Oxford Encyclopedia of British Literature** David Scott Kastan,2006-03-03 From folk ballads to film scripts this new five volume encyclopedia covers the entire history of British literature from the seventh century to the present focusing on the writers and the major texts of what are now the United Kingdom and the Republic of Ireland In five hundred substantial essays written by major scholars the Encyclopedia of British Literature includes biographies of nearly four hundred individual authors and a hundred topical essays with detailed analyses of particular themes movements genres and institutions whose impact upon the writing or the reading of literature was significant An ideal companion to The Oxford Encyclopedia of American Literature this set will prove invaluable for students scholars and general readers For more information including a complete table of contents and list of contributors please visit www.oup.com/us/ebL *Travelling Passions* Gisli Pálsson,2005-09-07 Vilhjalmur Stefansson has long been known for his groundbreaking work as an anthropologist and expert on Arctic peoples His three expeditions to the Canadian Arctic in the early 1900s as well as his expertise in northern anthropology helped create his public image as an heroic Hemingway esque figure in the annals of twentieth century exploration But the emotional and private life of Stefansson the man have remained hidden until now New evidence of this other life has recently been discovered a collection of love letters between Stefansson and his fiancée Orpha Cecil Smith were found in a New Hampshire flea market Stefansson s field diaries have revealed elegant essays and insightful commentary on Inupiat society baptismal records have revealed that Stefansson had a son Alex with his informant and guide Fanny Pannigabluk and through web searches and a private

detective Palsson has found and conducted interviews with the descendants of both Cecil Smith and Alex Stefansson Travelling Passions sheds new light on Stefansson's life and work focusing on the tension between his private life and the theories that brought his name to the halls of fame Palsson draws a clear vivid and in many ways unexpected picture of the mythical figure of Stefansson

Transatlantic Women Travelers, 1688-1843 Misty Krueger, 2021-03-12 This important new collection explores representations of late seventeenth through mid nineteenth century transatlantic women travelers across a range of historical and literary works While at one time transatlantic studies concentrated predominantly on men's travels this volume highlights the resilience of women who ventured voluntarily and by force across the Atlantic some seeking mobility adventure knowledge wealth and freedom and others surviving subjugation capture and enslavement The essays gathered here concern themselves with the fictional and the historical national and geographic location racial and ethnic identities and the configuration of the transatlantic world in increasingly taught texts such as *The Female American* and *The Woman of Colour* as well as less familiar material such as Merian's writing on the insects of Surinam and Falconbridge's travels to Sierra Leone Intersectional in its approach and with an afterword by Eve Tavor Bannet this essential collection will prove indispensable as it provides fresh new perspectives on transatlantic texts and women's travel therein across the long eighteenth century

English Travelers in Paris, 1660-1789 Anne Felicity Woodhouse, 1976

Early Modern English Lives Ronald Bedford, Lloyd Davis, Philippa Kelly, 2016-12-05 How did early modern English people write about themselves and how do we listen to their voices four centuries later The authors of *Early Modern English Lives* *Autobiography and Self Representation 1500-1660* argue that identity is depicted through complex subtle and often contradictory social interactions and literary forms Diaries letters daily spiritual reckonings household journals travel journals accounts of warfare incidental meditations on the nature of time death and self reflection as well as life stories themselves these are just some of the texts that allow us to address the social and historical conditions that influenced early modern self writing The texts explored in *Early Modern English Lives* do not automatically speak to our familiar patterns of introspection and self inquiry Often formal highly metaphorical and emotionally restrained they are very different in both tone and purpose from the autobiographies that crowd bookshelves today Does the lack of emotional description suggest that complex emotions themselves in all the depth and variety that we now understand and expect of them are a relatively modern phenomenon This is one of the questions addressed by *Early Modern English Lives* The authors bring to our attention the kinds of rhetorical and generic features of early modern self representation that can help us to appreciate people living four hundred years ago as the complicated composite figures they were people whose expression of identity involved an elaborate interplay of roles and discourses and for whom the notion of privacy itself was a wholly different phenomenon

No Country for Travellers? Rosemary Sweet, Richard Ansell, 2025-08-14 *No Country for Travellers* explores the rise and nature of British travel to Spain and Portugal between 1760 and 1820 across a region that is conventionally overlooked in studies of British travel to Europe

Drawing on extensive archival and printed sources left by contemporary travellers Rosemary Sweet and Richard Ansell reveal the unheralded significance of the two countries to eighteenth century British culture and their attraction as destinations long before the Peninsular War and nineteenth century romanticism Along the way the book s compelling narrative reveals the realities of Iberian travel the different itineraries that travellers followed the place of Spanish and Portuguese cities in the British imagination and the importance of mediators in cultural exchange on the Iberian side as well as the British The travellers memoirs reflect changing perceptions of Spain and Portugal as modernisation raised new hopes that vied with pessimism and ancient prejudice and also the persistence of cultural stereotypes while the counterintuitive relationship between civilian travel and armed conflict emerges through a case study of the Peninsular War Finally focusing on contemporary fascination with the Alhambra in Granada the authors examine the rise of British interest in Iberia s Islamic history with its significance for contemporary understandings of Europe
