When Your Lover Dies Robert Brigham, 2008-05 This book explores key questions about women s rights and gender equality in the wake of political turmoil demographic dislocation institutionalized violence and deep economic disparities These questions focus on the balancing and enforcement of rights viewed as a secular construct within societies with deeply entrenched cultural and religious mores and also examine the competing and sometimes contradictory claims of individual rights on the one hand and community concerns or imperatives on the other How does a society commence the project of gender equality after a brutal history of conflict dislocation dispossession exclusion distinction and discrimination

How are the foundations laid and legal strategies adopted and cultivated How does a society balance what is perceived as the secular nature of rights enforcement within a context of deeply entrenched religious mores or customary norms And ultimately why does there persist such subordination disadvantage and discrimination despite the existence of constitutional and legal protections for women Utilizing the South African process of legal transformation as a paradigm author Penelope Andrews applies this model to Afghanistan another contemporary context of transformation These two societies serve as counterpoints through which she engages in a nuanced and novel way with the many broader issues that flow from the attempts in newly democratic societies to give effect to the promise of gender equality

A Treasure's Trove Michael Stadther, 2004 A Treasure s Trove is a compelling fairy tale suitable for adults and children of all ages about twelve forest creatures whose mates disappear after being crystallized by a dark dust that blankets the forest every evening The creatures combine forces with a handsome woodcarver his beautiful half elf half human wife and their timid winged doth to save the creatures and restore the dying forest A sweet and sometimes sad story about friendship and greed A Treasure s Trove shows how love can be a greater force than fear Ever poignant it reminds us to take care of each other and the Earth and to work together to accomplish our goals But the story doesn t end there It can lead you on a terrific family adventure to discover real treasure In the book s wonderfully written and superbly illustrated pages are clues to finding 12 gold tokens redeemable for 12 magnificent jewels similar to the jeweled forest creatures in the tale The tokens have been hidden in 12 separate locations throughout the continental USA spawning an exciting nationwide treasure hunt A Treasure s Trove will be talked about for years to come Book jacket
