Understanding Folk Religion A Christian Response To Popular Beliefs And Practices:

Understanding Folk Religion: 25th Anniversary Edition Paul G. Hiebert, R. Daniel Shaw, Tite Tienou, 2024-04-24 This book has served the missiological community for twenty five years as a resource for understanding human spirituality in any context Thousands of students have incorporated the principles of this book into ministry around the globe This twenty fifth anniversary edition seeks to enable those who now bring their passion for mission to contemporary contexts affected by globalization climate change and political perspectives unimagined when this book originally appeared Every community wherever it is on earth has its share of beliefs and values that manifest themselves in practices that reflect spiritual engagement Those engaged in mission need to appreciate how underlying beliefs and values are reflected in handling spiritual power worship and blessing and interaction with others Gospel communicators must account for these elements as they seek to make God's intentions known to people who are searching for God The models presented early in the book are essential for establishing what people consider spiritually critical Applying these models in any religious environment will enable message bearers to engage with beliefs and practices that promote a gospel presentation that makes sense To that end we commend this book for effective missional engagement

Contextualization and Syncretism Gailyn Van Rhee, 2006 Culture's influence upon Christianity is easier to discern in retrospect than in prospect If history is our guide one thing is sure This age will be as syncretistic as any other How is the gospel being contextualized in the contemporary world To what degree are these new contextualizations syncretistic This book attempts to answer these questions by defining and analyzing contextualization and syncretism Gailyn Van Rhee

Christologies, Cultures, and Religions, Papers presented at the First Theological Forum of Mindanao 2014 Inter religious and inter cultural perspectives on how we view and understand Christ Contributors Victor Aguilan Herbert T Ale Mariano C Apilado Pascal D Bazzell Lee Joseph Custodio Jos M de Mesa Edgar B Ebojo Eleazar S Fernandez Foreword Omar Abu Khalil Melba P Maggay Epilogue Muriel Orevillo Montenegro Aldrin M Pe amora Brian Powell Chiu Eng Tan Rico Villanueva Emo Yango

The Muslim Majority Robin Hadaway, 2021-09-15 More than 70 percent of Muslims worldwide practice folk Islam a syncretistic mix of theologically orthodox Islam and traditional religious beliefs and practices The Muslim Majority is unlike many published works on evangelism to Muslims which argue for either apologetic or contextualized bridge approaches These approaches are often ineffective in reaching adherents of popular Islam Instead author and missiologist Robin Hadaway outlines a contextual approach that addresses the unique perspective of popular Islam Hadaway explains the differences between folk Islam and orthodox Islam and explores best practices for reaching the vast majority of Muslims with the gospel of Jesus Christ

Toward an Anabaptist-Pentecostal Vision Joseph C. L. Sawatzky, 2023-03-28 What does Pentecostalism the fastest growing Christian expression worldwide have to do with Anabaptism whose Mennonite adherents have sometimes been called the quiet in the land In this groundbreaking study Joseph C L Sawatzky explores a mission history of North American

Mennonites working with African Initiated and Pentecostal type churches in southern Africa illuminating points of divergence and convergence between Anabaptist and Pentecostal streams Placing testimonies of African and North American participants in this history within a broader biblical and theological framework this study proposes bases for an emerging Anabaptist Pentecostal vision with implications for the church its leadership and its witness in the world This lively interdisciplinary study will interest students of mission interculturality and the Christian faith itself *Hermeneutical Community* C. S. Barefoot, 2024-12-23 Many Western initiatives exist for theological development in the majority world but how often do practitioners from the West pause to examine the role they should play in that endeavor Missions history and church history have revealed inadequacies of imposing foreign theology on local churches yet the alternative of withdrawing from local theological development appears equally problematic If therefore the outsider's role is neither to impose theology nor withdraw from the task then what is his or her role Hermeneutical Community addresses this fundamental question and seeks to lay a sound missiological foundation for local theological development *Contextualization and the Old Testament* Jerry Hwang, 2022-09-26 Christianity is often viewed in Asia as a Western imposition Challenging this Dr Jerry Hwang examines the Old Testament's cultural engagement of its ancient Near Eastern context arguing that Scripture itself provides the ultimate model for contextualizing theology in Asia While it is common for missiological studies to ignore the Old Testament in their discussion of contextualization truly biblical contextualization must include the whole Bible not simply the New Testament This study provides insightful discourse between the Old Testament and various Asian contexts while demonstrating how Asian perspectives can help overcome the Eurocentrism prevalent in Old Testament scholarship This is an ideal resource for scholars and practitioners interested in a biblical perspective of contextualization especially as related to constructing theology that honors the truth of Scripture in the context of Asia Intercultural Discipleship (Encountering Mission) W. Jay Moon, 2017-12-05 This addition to an acclaimed series brings cutting edge research to bear on a topic of perennial interest making disciples The book looks at disciple making from multiple cultures to help readers discover contextual approaches that are culturally relevant and biblically faithful It emphasizes methods that are especially effective with contemporary converts and includes practical examples from around the world Each chapter includes sidebars discussion questions an activity for discipling and a case study An appendix contains further suggestions and exercises for instructors Shembe, Ancestors, and Christ Edley J. Moodley PhD, 2008-08-18 The Christian axis has shifted dramatically southward to Africa Asia and Latin America so much so that today there are more Christians living in these southern regions than among their northern counterparts In the case of Africa the African Initiated Churches founded by Africans and primarily for Africans has largely contributed to the exponential growth and proliferation of the Christian faith in the continent Yet even more profoundly these churches espouse a brand of Christianity that is indigenized and thoroughly contextual Further the power and popularity of the AICs beyond the unprecedented numbers joining these churches are

attributed to their relevance to the existential everyday needs and concerns of their adherents in the context of a postcolonial Africa At the heart of Christian theology is Christology the confessed uniqueness of Christ in history and among world religions Yet this key feature of Christianity as with other important elements of the Christian faith may be variously understood and re interpreted in these indigenous churches The focus of this study is the amaNazaretha Church an influential religious group founded by the African charismatic prophet Isaiah Shembe in 1911 in the province of KwaZulu Natal South Africa The movement today claims a following of some two million adherents and has proliferated beyond the borders of South Africa to neighboring countries in Southern Africa The book addresses the complex and at times ambivalent understanding of the person and work of Christ in the amaNazaretha Church presenting the genesis history beliefs and practices of this significant religious movement in South Africa with broader implications for similar movements across the continent of Africa and beyond

Walking Together on the Jesus Road Evelyn Hibbert, Richard Hibbert, 2018-08-17
Make discipling culturally relevant Christians who serve Jesus among people from a different culture than their own often struggle to find a good way to disciple people Walking Together on the Jesus Road addresses this need by guiding readers through three essential practices for making disciples across cultures listening to disciples to get to know them and their context focusing on relationships with Christ fellow disciples and others and enabling disciples to live out their faith in culturally relevant ways These practices are the foundation for the long term intentional process of helping disciples from other cultures become more like Jesus The book also engages with practical challenges such as enabling disciples to find and belong to a nurturing community of faith as well as contextualizing the way we teach the Bible
