Uwc Ress Application 2015:

Unlocking the chains of knowledge Monwabisi K Ralarala, Suren Pillay, Zannie Bock, Russell H. Kaschula, 2025-02-28

Unlocking the chains of knowledge Understanding the challenges remaking pedagogies and curriculum renewal addresses the complex yet imperative task of reshaping the colonial legacy embedded within South African higher education and beyond The book confronts the historical and ideological bindings that have entrenched European centric knowledge within the fabric of academia in Africa propelling a transformative journey within the Arts and Humanities At its core this work presents a tripartite focus firstly understanding the deep seated issues ingrained in the traditional university structure secondly remaking pedagogical practices and lastly renewing the curriculum Recognising the historical dominance of Eurocentric ideas the book explores various movements theories and practices from negritude to postcolonial theory aiming to emancipate and amplify the voices and knowledge of those historically excluded With a commitment to a pluralistic approach the book scrutinises the power dynamics of language the importance of diverse perspectives and the challenging task of inclusion without replicating the divisive structures of the past Prof Christine Winberg Research Chair in Work integrated Learning Cape Peninsula University of Technology

In *Unlocking the chains of knowledge* Understanding the challenges remaking pedagogies and curriculum renewal the editors provide a decisive and detailed reflection and profound understanding of complexities of knowledge generation in Southern Africa Unlike many volumes that address these intricate complexities this volume not only navigates the intricate complexities of the long history of epistemic injustices and intolerance in the Southern African higher education environment but delves deeper into the core of what is required for curriculum transformation and renewal The groundbreaking volume addresses the urgent need for linguistic inclusivity consciousness about decoloniality as well as embedding social justice in South African and Zimbabwean education and by doing so presents strategies that can be used by the rest of the African continent in addressing the scourge of coloniality Prof Pamela Maseko Executive Dean Faculty of Humanities Nelson Mandela University

From Hope to Action through Knowledge Ramesh Bharuthram, Larry Pokpas, 2020-10-27

Its November 2001 A university in dire straits financially bankrupt burdening a debt in excess of R100 million a disillusioned and demoralised staff complement still reeling from the trauma of retrenchments coupled with an academic project facing collapse as student numbers dwindle by a third to less than 10 000 Is there a future for such an institution described by some as a basket case with very bleak prospects of survival This was the landscape that confronted the newly appointed Vice Chancellor and Chief Executive Officer CEO of the University of the Western Cape Fast forward to December 2014 The CEO retires from office bestowing upon his successor a financially sound institution with a flourishing academic project recording unprecedented achievements enriching the lives of more than 20 000 students and widely acknowledged as a research led university This book narrates how visionary leadership with the steadfast belief that your past does not determine your future galvanised an entire organisation into believing that a better

outcome was indeed achievable and the will to move forward as a collective with a redefined purpose and commitment to achieve that which was once deemed impossible

Gandhi's African Legacy: Phoenix Settlement 1904 to 2024. A History Through Letters Uma Dhupelia-Mesthrie, 2024-10-01 This is an epic work which gives us another deep insight not just into the South African Gandhi but also into his colleagues at the settlement and an ongoing biography of the settlement itself This is the first book telling the history of Phoenix Settlement from its founding to now It provides us with a view into the lives of the residents and supporters rather than merely a history of the buildings This is a goldmine for researchers It very skilfully presents the role of the settlement in the campaigns against apartheid in the early 1950s and the international recognition of its actions and the stimulus they provided for international campaigns The story of the settlement as a haven for multi racial gatherings in the time of apartheid and regardless of this the disaster that followed is wonderfully told Thomas Weber Emeritus Professor La Trobe University Melbourne Another magisterial book from Dhupelia Mesthrie this time on Phoenix told through deeply researched contextual chapters and the letters of those who lived there Informed by a lifetime's work on Gandhi and drawing on archives and personal papers from across the world this monumental work will be treasured by grateful scholars and readers for decades to come Isabel Hofmeyr Emeritus Professor University of the Witwatersrand The book provides a major new in depth understanding of a major initiative in Gandhi's life an initiative which laid the ground for his work in South Africa and in India and whose resonances are still being felt in the world Ramachandra Guha Eminent biographer of Gandhi

African Church Fathers - Ancient and Modern Hans S. A. Engdahl, 2021-01-26 This critical and close reading of two African theologians Origen 185-254 and Mbiti 1931-2019 focuses on the following areas philosophy African philosophy and religion and Platonic cosmology ecclesiology and eschatology a parallel presentation of these three themes leads to a fourth theme that of the resurrection where it is argued that there exists a consensus and a convergence between the two This reading also highlights two convictions that partly have caused strong criticism Mbiti has suggested that African philosophy and religion have a conception of time of their own Origen that all and everything is gradually moving towards an apokatastasis at which point all will be saved Yet the contention is that even more important to both Mbiti and Origen is the resurrection of Jesus Christ In order to establish the impact of the resurrection on their lives as Christians and as theologians a contrast reading has been undertaken i.e. texts are identified which underline the need to forge a link between the resurrection and the earthly ministry of Jesus These texts also underwrite the conviction of Mbiti as well as Origen of the resurrection as something which must be lived in church and society corporately as well as in personal devotion The fact of resurrection creates a new mode of life

Knowledge Beyond Colour Lines Monwabisi K. Ralarala, Salochana Lorraine Hassan, Rajani Naidoo, 2021-05-25 Knowledge remains timely in education The need for academics to contemplate its relevance worth use and everything in between deems a continuous intellectual project rather than a conundrum to be solved This book takes the South African context by the horns as it challenges the often dormant and

traditionalist ways in which higher education spaces see knowledge Through original research and the voices of academics and students this book argues for repurposing knowledge generation knowledge sharing and critical pedagogy so that more inclusive teaching and learning environments can be both imagined and sustained The contentious tensionalities that this creates for LoLT and SoTL in particular are unlocked so as to trouble the South African higher education landscape with the intent to proffer alternative pathways for a knowledge beyond colour lines Prof Shan Simmonds PhD NWU This edited volume bristles with fresh scholarly approaches and insights of an emergent generation of engaged scholars grappling with the issues and problems of higher education in South Africa The issues dealt with here are varied and encompassing They are treated with intellectual delicacy and probing sensitivity articulacy informed data and bold conclusions They serve well Prof Kwesi Kwaa Prah Emeritus Professor of Sociology University of the Western Cape Founder of the Centre for Advanced Studies of African Society

Feeling lives: An intersectional exploration of past experiences and present living

Lindsay Clowes, LJ Theo, Nadia Sanger, Landa Mabenge, Sisa Ngabaza, 2023-11-15 We each make sense of the world through our embodied feeling lives We do it through the social groupings contexts and processes which history rather than biology presents and assigns to us In this collection we aim to illustrate how these embodied feelings and emotions underpin contemporary theorising by sharing reflective autobiographical writing by individuals from a wide range of backgrounds and contexts This somewhat unruly collection unsettles conventional academic writing precisely because authors have grounded themselves in the tangible and the personal rather than in abstract theory We hope that readers might see aspects of their own lives in some of these stories develop better understandings of lives that are experienced very differently and start or continue to theorise their own lives

The Troubles Tim Pat Coogan, 2015-12-16 The Troubles refers to a violent thirty year conflict at the heart of which lay the constitutional status of Northern Ireland Over 3 000 people were killed on all sides and many more damaged by a legacy that continued long past 1998 After looking at the roots of Catholic discrimination of the Northern Irish state Coogan points to Orange prejudice in housing education and jobs and the lack of a Catholic outlet for peaceful protest He argues that the war in the North started as a civil rights demonstration but that radical Orange response soon turned protest into war He takes a close look at Ian Paisley the great pornographer John Hume the quiet peacemaker Gerry Adams gunman turned peacemaker and Albert Reynolds the first prime minister to insist on peace In this controversial volume Coogan covers all parts of the war from Bloody Sunday in 1972 to the Bobby Sands hunger strike Although written from a nationalist viewpoint Coogan has taken a complicated history and explained it simply with grace and wit

The British Labour Party and twentieth-century Ireland Laurence Marley, 2015-12-01 With contributions from a range of distinguished Irish and British scholars this collection of essays provides the first full treatment of the historical relationship between the Labour Party and Ireland in the last century from Keir Hardie to Tony Blair

Law & Investment in Africa Tinahse Kondo, 2021-04-19 Zimbabwe has had a chaotic foreign direct investment FDI regime This has created the need for a

detailed volume on the most important developments around the protection and treatment of FDI at not only a domestic level but also at bilateral regional and international levels The author argues that while Zimbabwe has now harmonised previously scattered legislation under the Zimbabwe Investment and Development Agency Act Chapter 14:37 and taken measures to reverse to varying degrees controversial policies such as the land reform programme and the Indigenism and Economic Empowerment Policy scepticism still prevails over the investor friendliness of the FDI regime in Zimbabwe
