Von Paul Zu Pedro Amouresken:

Von Paul zu Pedro Franciska Reventlow (Gräfin zu), 1912 **Gender, Feminism, & Fiction in Germany, 1840-1914**
Chris Weedon, 2006 Nineteenth and early twentieth century Germany produced a wealth of writing on gender difference. Much of this is still relevant today. This book examines how progressive women's fiction, conduct books and feminist texts negotiated and challenged scientific, philosophical and religious definitions of woman. It looks at how class affected debates and at the role of fiction in reproducing and challenging ideas of gender difference. Written in an engaging and accessible style, this book will be of interest to general readers and those working in gender studies. German cultural history, German literature, women's writing and comparative literature. **A History of Women's Writing in Germany, Austria and Switzerland** Jo Catling, 2000-03-23 This volume makes the wide-ranging work of German women writers visible to a wider audience. It is the first work in English to provide a chronological introduction to and overview of women's writing in German-speaking countries from the Middle Ages to the present day. Extensive guides to further reading and a bibliographical guide to the work of more than 400 women writers form an integral part of the volume which will be indispensable for students and scholars of German literature and all those interested in women's and gender studies. Women Writers of Great Britain and Europe Katharina M. Wilson, Paul Schlueter, June Schlueter, 2013-12-16 A valuable survey and reference resource. It is hard to imagine a more needed and more useful literary reference work than this one which gives students and readers quick access to the lives and work of a wide range of notable female writers from England and the Continent from Aphra Behn to Emily Brontë from Simone de Beauvoir to Isak Dinesen from Bridget of Sweden to Hannah Arendt. Writers in more than 30 languages are included: French, Czech, Greek, Italian, Swedish, Spanish, German, Russian, Portuguese, Serbian, Catalan, Arabic, Hebrew, Dutch, Bulgarian, Croatian, Slovak and more. Covers 1,500 years and all major genres. Going back 15 centuries, the Encyclopedia covers the authors of novels, short stories, poetry, plays, criticism, social commentary, feminist manifestos, romances, mysteries, memoirs, children's literature, biography and other genres. In signed entries, some of which are mini-essays, experts in the field examine writers' lives and achievements, comment on individual works, place artistic efforts in historical context, provide insights and analyses and present more information than can be easily found elsewhere without undertaking more exhaustive research. Each entry is followed by a bibliography of primary works. Indexed by language, nationality, genre and century. Spotlights the interesting lives of notable writers. In these pages, students and readers will meet hundreds of interesting women writers who made lasting contributions to the intellectual and popular culture of their countries while often leading fascinating lives among them: AGATHA CHRISTIE who wrote her first book in response to her sister's demand for a detective story that was harder to solve than the popular fiction of her day and whose work has been translated in more languages than Shakespeare's; HILDEGARD VON BINGEN the 12th century German mystic who wrote profusely as a prophet, a poet, a dramatist, a physician and a political moralist often communicated with popes and princes and
