Adventure Continues picks up where the first left off when Mz Grundy was stranded in Chicago with no place to stay Ya see Mz Grundy was on her way to the Dakota Territory to become a schoolteacher for the newly settled frontier on the prairie along the Missouri River in what is now South Dakota Along the way she was sure she would encounter adventure and fun and she was entirely correct Join Mz Grundy as she rolls across the plains behind a gigantic locomotive then sloshes up the Missouri River on a steamboat Experience her awe and admiration of the frontiersman who catches a fifty foot fish like none she d ever before seen Blush with her as the first young gentleman in her life gives her attention Learn with her as she is befriended by a former slave Feel the adrenalin rush as Mz Grundy leaps and dances around a rattler attempting to bite her Laugh with and at her over her zany moments trying to show up a male horseman attempting to teach the pilot of the steamboat how to steer having her strong will challenged by an equally strong willed soldier and more There are brief historical vignettes as well to explain those bygone times for modern readers who may not know about life in 1875 Don t miss this opportunity to venture into the past and see pioneer life from Mz Grundy s perspective It s sure to make you chuckle ponder and even be glad you are learning history as you enjoy the fictional story Our History Is the Future Nick Estes,2019-02-26 In 2016 a small protest encampment at the Standing Rock reservation in North Dakota initially established to block construction of the Dakota Access oil pipeline grew to be the largest Indigenous protest movement in the twenty first century attracting tens of thousands of Indigenous and non Native allies from around the world Its slogan Mni Wiconi Water is Life was about more than just a pipeline Water Protectors knew this battle for Native sovereignty had already been fought many times before and that even after the encampment was gone their anti colonial struggle would continue In Our History is the Future Nick Estes traces traditions of Indigenous resistance leading to the NoDAPL movement from the days of the Missouri River trading forts through the Indian Wars the Pick Sloan dams the American Indian Movement and the campaign for Indigenous rights at the United Nations While a historian by trade Estes also draws on observations from the encampments and from growing up as a citizen of the Oceti Sakowin the Nation of the Seven Council Fires making Our History is the Future at once a work of history a personal story and a manifesto *"Farewell, My Nation"* Philip Weeks,2016-02-16 The fully updated third edition of Farewell My Nation considers the complex and often tragic relationships between American Indians white Americans and the U S government during the nineteenth century as the government tried to find ways to deal with social and political questions about how to treat America s indigenous population Updated to include new scholarship that has appeared since the publication of the second edition as well as additional primary source material Examines the cultural and material impact of Western expansion on the indigenous peoples of the United States guiding the reader through the significant changes in Indian U S policy over the course of the nineteenth century Outlines the efficacy and outcomes of the three principal policies toward American Indians undertaken in varying degrees by the U S government Separation Concentration and Americanization and interrogates their repercussions Provides detailed
