The New Think & Grow Rich Ted Ciuba,2008 Why Write A New *Think and Grow Rich* At first exposure the very idea of rewriting the greatest success classic of all time sounds like some fruit from California announcing he's re-written the Bible However looking at it correctly wouldn't it be amazing if a how to manual didn't need updating after 70 years of service What other body of knowledge and practice has not progressed dramatically in the intervening years Can the science of personal achievement be any different So what kinds of changes can you expect Certainly modern advances in neuro science motivation NLP and quantum reality make it easier to grasp the secret and have been included Also those uncomfortable isms of an antique age have been eliminated You no longer have to be a white American male to achieve success thus the language quotes examples and stories include while retaining much of the familiar work women other races and nationalities More accessible for young people who need it most

more than ve hundred exceedingly wealthy men whom I have carefully analyzed over a long period of years The secret was brought to my attention by Andrew Carnegie more than a quarter of a century ago The canny lovable old Scotsman carelessly tossed it into my mind when I was but a boy Then he sat back in his chair with a merry twinkle in his eyes and watched carefully to see if I had brains enough to understand the full signi cance of what he had said to me When he saw that I had grasped the idea he asked if I would be willing to spend twenty years or more preparing myself to take it to the world to men and women who without the secret might go through life as failures I said I would and with Mr Carnegie s cooperation I have kept my promise This book contains the secret after having been put to a practical test by thou sands of people in almost every walk of life It was Mr Carnegie s idea that the magic formula which gave him a stupendous fortune ought to be placed within reach of people who do not have time to investigate how men make money and it was his hope that I might test and demonstrate the soundness of the formula through the experience of men and women in every calling **Think and Grow**
