This Side Of Doctoring Reflections From Women In Medicine:

This Side of Doctoring Eliza Lo Chin, 2002 This anthology of stories poems essays and quotations explores the duality of being both a woman and a physician **On Call** Emily R. Transue, 2005-08 A memoir of the birth of a doctor from internship to residency **Women in Medicine** Anne Walling, 2025-06-30 In telling the history of women in medicine the pioneers especially the turbulent ones are rightly remembered and celebrated in books articles memorials awards names of buildings and organizations even in stone statues and memorials In contrast the generation who began the transition from minority status to the current numerical equity are seldom memorialized yet without the efforts of these few determined women in what was unambiguously a male profession the achievements of these pioneers could easily have withered This book is written to celebrate this unique generation of women who entered medicine between the Second World War and the early 1970s determined women who just wanted to be doctors but ended up fundamentally changing the profession Utilizing oral histories from 37 women who became physicians between 1948 and 1975 these women tell their stories in their own words and provide a valid picture of their experiences throughout their careers that has much resonance for those entering or practicing medicine today Women in Medicine Stories from the Girls in White will be of interest to all health professionals or those considering entering health professions particularly women and their advisers and supporters to medical educators and to medical historians seeking to understand the progress of women in medicine and other professions since the end of WWII

Women's Health in Gastroenterology, An Issue of Gastroenterology Clinics of North America Laurel R. Fisher, 2016-07-06 The goal of this issue of Gastroenterology Clinics is to present GI diseases which affect women uniquely such as pelvic floor problems and pregnancy related disorders or which require a more considered approach such as functional bowel disease or autoimmune processes It will also address the position of women and female gastroenterologists in the health system as a whole This issue is published at an exciting transitional time in the future of gastroenterology as we adjust approaches for the assessment of disease in a large portion of our patient population and as we address the challenges in practicing medicine based on the uniqueness of specific populations **Louisiana Women** Janet Allured, Judith F. Gentry, 2009 Moving chronologically from the colonial period to the present this collection of seventeen biographical essays provides a window into the social cultural and geographic milieu of women s lives in the state Within the context of the historical forces that have shaped Louisiana the contributors look at ways in which the women they profile either abided by prevailing gender norms or negotiated new models of behavior for themselves and other women Louisiana Women concludes with an essay that examines women s active responses to problems that emerged in New Orleans after Hurricane Katrina The women whose absorbing life stories are collected here include Marie Therese Coincoin who was born a slave but later became a successful entrepreneur and Oretha Castle Haley civil rights activist and leader of the New Orleans chapter of CORE From such well known figures as author Kate Chopin and Voudou priestess Marie Laveau to lesser known women such as Cajun musician

Cleoma Breaux Falcon this volume reveals a compelling cross section of historical figures The women profiled vary by race class political affiliation and religious persuasion but they all share an unusual grit and determination that allowed them to turn trying circumstances into opportunity Lively yet rigorous these essays introduce readers to the courageous dedicated and inventive women who have been an essential part of Louisiana s history Historical figures included Marie Therse Coincoin The Baroness Pontalba Marie Laveau Sarah Katherine Kate Stone Eliza Jane Nicholson Kate Chopin Grace King Louisa Williams Robinson Her Daughters and Her Granddaughters Clementine Hunter Dorothy Dix True Methodist Women Cleoma Breaux Falcon Caroline Dormon Mary Land Rowena Spencer Oretha Castle Haley Louisiana Women and Hurricane Katrina
