This Land is Our Land J. Metzger, M. Orth, C. Sterzing, 1983 **The Arabs Under Israeli Occupation**, 1979 **Eyes Without Country** Souad Dajani, 1995 Since Israel's occupation of the West Bank and Gaza Strip in 1967 the quest for just and lasting peace has been a fountainhead of debate negotiation and violent friction Souad Dajani traces the Palestinians struggle and argues for a strategy of nonviolent civilian resistance based on deterrence and defense This strategy would defeat Israel's political will to maintain their occupation and prepare Palestinians for a time beyond the interim period of self rule agreed upon by Israel and the PLO in September 1993 Dajani's formulation of nonviolent civilian resistance is examined against a backdrop of early developments in Mandate Palestine the impact of Zionist ideology and the realities of life for Palestinians under occupation Her assessment of the role of the PLO objectives of the Palestinian National Movement developments since the Gulf War and other factors crucial to an effective strategy raises critical questions surrounding the operation of nonviolent techniques for the Palestinian community Israeli politics and international actors most prominently the United States *Historical Dictionary of Palestine* Nafez Nazzari, Laila A. Nazzari, 1997-05-08 Ruled by wave after wave of conquerors through the centuries Palestine is a land that is synonymous to many people with one of the three great monotheistic religions of the world but it has searched for decades for a stable identity as a nation state From the revolt against the Turks in World War I the Balfour Declaration the U N Partition and the Arab Israeli War to today's episodic riots police actions and seesaw summit meetings Palestine has suffered almost every form of strife The Historical Dictionary of Palestine is a handy fact filled guide that brings together in one place coverage of the individuals events factions and institutions that have had a historical political or social significance in the shaping of the nascent Palestinian State Entries purposely focus on Palestinian in the Occupied Territories and the autonomous areas of Jericho and the Gaza Strip but omit those Palestinians in Israel proper or those in exile A detailed introduction and chronology delineate the tumultuous history of this developing nation state and the main text of the Dictionary offers biographies of the individuals involved Several maps detail Palestine's shifting boundaries a comprehensive bibliography is offered to aid further research and appendixes list its Declaration of Independence and Declaration of Principles It is certain to be an invaluable reference tool for all researchers on the Middle East **Congressional Record** United States. Congress, 1982 *Palestine & the UN*, 1996 *International Labour Documentation* International Labour Office. Central Library and Documentation Branch, 1986 **Freedom is a Place** Ron J. Smith, 2020 Freedom Is a Place gives readers a snapshot of everyday life in the 1967 oPt occupied Palestinian territories A project of subaltern geopolitics it helps both new and seasoned scholars of the region better understand occupation its purpose varied manifestations and on the ground functions This personal study brings to light how large scale geopolitics play havoc with the lives of ordinary people and how people resist and endure Using data collected over a decade of fieldwork Ron J Smith situates the everyday realities of the occupation within the larger project of Zionism He explores the

attempts to codify a temporary condition like occupation into permanency Smith insists that occupation be understood as a changing process not a singular event and to explain its longevity he argues that we must uncover the particular geographical and political dynamism at hand Through careful use of interviews and participant observation Smith reveals how the varied practices of occupation transform daily life into a prison He also helps bring to light everyday narratives illustrating how people mobilize claims to freedom and sovereignty to maintain life under occupation Freedom Is a Place uncovers how lessons from Israel s seventy plus years occupation are used by other states to oppress restive populations At the same time Smith identifies how these lessons also can be mobilized to create new spaces and strategies toward achieving liberation
