Those Wild Wyndhams Three Sisters At The Heart Of Power:

Those Wild Wyndhams Claudia Renton, 2018-06-05 The three dazzlingly beautiful wildly rich Wyndham sisters part of the four hundred families that made up Britain's ruling class at the center of cultural and political life in late Victorian Edwardian Britain Here are their complex idiosyncratic lives their opulent privileged world their romantic roiling age They were confidantes to British prime ministers poets writers and artists their lives entwined with the most celebrated and scandalous figures of the day from Oscar Wilde to Henry James They were the lovers of great men or men of great prominence Mary Wyndham wilder than her wild brothers lover of Wilfrid Blunt confidante of Prime Minister Arthur Balfour the Balfour Declaration married to Hugo Lord Elcho later the Countess of Wemyss Madeline Adeane the quietest and happiest of the three and Pamela spoiled beautiful of the three possessor of the true talent wife of the Foreign Secretary Edward Grey later Viscount Grey who took Britain into the First World War They lived in a world of luxurious excess a world of splendor at 44 Belgrave Square and later at the even more vast Clouds the exquisite Wiltshire house on 4 000 acres the house of the age designed in 1876 by the visionary architect Philip Webb the model for Henry James's *The Spoils of Poynton* They were bred with the pride of the Plantagenets and raised with a fierce belief that their family was exceptional They avoided the norm at all costs and led the way to a blending of aristocracy and art Their group came to be called *The Souls* whose members from 1885 to the 1920s included the most distinguished politicians artists and thinkers of their time In *Those Wild Wyndhams* Claudia Renton gives us a dazzling portrait of one of England's grandest noblest families Renton captures with nuance and depth their complex wrangling between head and heart and the tragedy at the center of all their lives as the privilege and bliss of the Victorian age gave way to the Edwardian era the Great War and the passing of an opulent world

The Power and the Glory Adrian Tinniswood, 2024-11-12 A spirited history of the English country house in its golden age For generations the great palaces of Britain were home to living histories noble families that had reigned for centuries But by the end of the nineteenth century members of elite society found themselves for the first time in the company of arrivistes Their new neighbors from chorus girls to millionaire greengrocers to guano impresarios lacked lineage and were unencumbered by the weight of tradition In *The Power and the Glory* historian Adrian Tinniswood reconstructs life in the country house during its golden age before the Great War when Britain ruled over a quarter of the earth's population and its stately homes were at their most opulent But change was on the horizon the landed classes were being forced to grapple not only with new neighbors but also with new social norms and expectations An exuberant story *The Power and the Glory* offers a delicious captivating and often scandalous history of the British country house **Balfour's World** Nancy W. Ellenberger, 2015 An exploration of political culture in Britain in the last decades of the nineteenth century revealing how Arthur Balfour and his circle served as a clear bridge between the Victorians and the moderns in Britain's twentieth century political culture Arthur James Balfour 1848 1930 was born toward the beginning of Queen Victoria's long reign At her death

in 1901 he was a year away from becoming the first prime minister of the Edwardian era In the quarter century after his entry into political life in the 1870s Britain experienced material changes and a sense of intensifying human interactions as dramatic to his generation as the forces of globalization are today Aristocrats watched anxiously as gifted boys from the middle classes rose to the top in professional life Culture wars over male and female behaviours erupted at home as small wars of empire proliferated overseas Politicians came to terms with electioneering among the masses and with a boisterous print culture that prefigured the mass media of the next century The first great era of advanced international capitalism affected every segment of British and imperial society including the rarefied domain of Arthur Balfour That changes of the magnitude that Balfour's generation faced would demand different skills career paths or political alignments is not surprising That they might also result in the creation of different emotional sets and interior worlds may be more so Balfour's World provides an intimate history of how Arthur and his friends George Herbert 13th Earl of Pembroke Laura and Margot later Lady Asquith Tennant Mary and George Wyndham helped to construct a new emotional regime among Britain's political elites at the fin de siècle The rich diaries letters and publications they left allow access both to public selves and to inner landscapes and the mix of psychological patterns and cultural assumptions that mediated their responses to the world As the new century began the demeanours modelled by habits of Balfour's world would characterize many in the imperial elite marking them as a clear bridge between the Victorians and the moderns in Britain's twentieth century political culture

NANCY W ELLENBERGER is Professor of History at the United States Naval Academy Annapolis Maryland Servilia and her Family Susan Treggiari, 2019-01-03 Servilia is often cited as one of the most influential women of the late Roman Republic Though she was a high born patrician her grandfather died disgraced and her controversial father was killed before he could stand for the consulship she herself married twice but both husbands were mediocre Nevertheless her position in the ruling class still afforded her significant social and political power and it is likely that she masterminded the distinguished marriages of her one son Brutus and her three daughters During her second marriage she began an affair with Julius Caesar which probably lasted for the rest of his life and is further indicative of the force of her charm and her exceptional intelligence The patchiness of the sources means that a full biography is impossible though in suggesting connections between the available evidence and the speculative possibilities open to women of Servilia's status this volume aims to offer an insightful reconstruction of her life and position both as a member of the senatorial nobility and within her extended and nuclear family The best attested period of Servilia's life for which the chief source is Cicero's letters follows the murder of Caesar by her son and her son in law Cassius who were leaders among the crowd of conspirators in the Senate House on the Ides of March in 44 BC We find her energetically working to protect the assassins interests also defending her grandchildren by the Caesarian Lepidus when he was declared a public enemy and his property threatened with confiscation Exploring the role she played during these turbulent years of the late Republic reveals much about the ways in which

Romans of both sexes exerted influence and sought to control outcomes as well as about the place of women in high society allowing us to conclude that Servilia wielded her social and political power effectively though with discretion and within conventional limits *Mistress Anthony Fletcher*, Ruth M. Larsen, 2025-08-05 An insightful hugely engaging new history of elite women and the country house from the sixteenth to the twentieth century Grand houses can be found across the countryside of England and Wales From the Stuart and Georgian periods to the Edwardian and Victorian these buildings were once home to the aristocratic families of the nation But what was life like for the mistresses of these great houses How much power and influence did they really have Anthony Fletcher and Ruth M Larsen explore the lives of country house mistresses Focusing on eighteen women and spanning five centuries they look at the ways in which elite women not only shaped the house household and family but also had an impact on society culture and politics within their estates and beyond We meet Brilliana Harley who defended her castle at Brampton Bryan Frances Boscawen who oversaw the building of Hatchlands and Lady Mary Elcho who preserved her secret life as mistress to Arthur Balfour This is a fascinating account of the country house that puts women's experiences centre stage **The Three Sisters (Classic Reprint)** May
