Thoughts Andre Guzman:

The Cassandra Syndrome Eleonor Mendoza, 2013-01-31 Anne Cortez and her son Mark were on a cruise of Scandinavia and Russia when they witnessed a shooting. Untoward violence seemed to occur around a fellow passenger Dr Fawzi Senawi an Iranian nuclear physicist. Anne and Mark tried to avoid Senawi but could they turn their back on a dying man's plea that they save his kidnapped son. Acting on a clue Anne surmised that this was connected to the release of the Stuxnet cyberworm by the USA. This malware was supposed to deter the Iranian nuclear program. Anne and Mark sought the help of the past counter terrorism czar and others who would be patriots but they are drawn into a deepening web of international intrigue. Could they avert the repercussions of a cyberwar that would disrupt our financial, electrical and defense systems and would make possible the prediction that the Dow Jones Industrial Average would fall to triple digits in 2016. **Official Gazette** Philippines, 1915.
