the manual outlines three campaign ideas responding to problems that CI members uncovered through research conducted in 2011. These are a Broadband Disclosure Statement to address the opacity of broadband contract terms, a Don't Lock Me In campaign against providers who stop consumers from shopping around for the best deal, and a campaign to provide broadband consumers with better independent resolution services. Included are template resources from which members can cut and paste for use in their own campaigns, leading we hope to concrete improvements in the quality and fairness of broadband services for consumers around the world.
