Voice Of Hezbollah The Statements Of Sayyed Hassan Nasrallah:

Voice of Hezbollah Sayyed Hassan Nasrallah, 2020-05-05 In July 2006 with the commencement of hostilities between Israel and Hezbollah Sayyed Hassan Nasrallah the longstanding secretary general of the Party of God burst into the spotlight of the Western media cast almost inevitably as an even more dangerous incarnation of Osama bin Laden Yet well before the start of the war Nasrallah had acquired an almost unrivalled credibility in the Arab world among admirers and detractors alike a profile that soared in May 2000 when he became the first leader to push Israel out of Arab land Voice of Hezbollah brings to an English speaking readership for the first time Nasrallah's speeches and interviews the intricate deeply populist arguments and promises that he has made from the mid 1980s to the present day Newly translated from the Arabic and with an introduction by one of the foremost writers on Lebanon Voice of Hezbollah is critical to the understanding of the man and the movement *The Hizbullah Phenomenon* Lina Khatib, Dina Matar, Atef Alshaer, 2014-11-15 Hizbullah is not only a leading political actor in Lebanon and a dynamic force in the Middle East but it is also distinguished by a sophisticated communication strategy From relatively humble beginnings in the 1980s Hizbullah's political clout and its public perception have followed an upward trajectory thanks to a political programme that blends military social economic and religious elements and adapts to changes in its environment Its communication strategy is similarly adaptive supporting the group's political objectives Hizbullah's target audience has expanded to a regional and global viewership Its projected identity too shifted from an Islamist resistance party opposed to Israel's presence in Lebanon to a key player within the Lebanese state At the same time Hizbullah's image has retained fixed features including its image as an ally of Iran its role as a resistance group to Israel and its original base as a religious party representative of the Lebanese Shiites The authors of this book address how Hizbullah uses image language and its charismatic leader Hassan Nasrallah to legitimise its political aims and ideology and appeal to different target groups *Arab Revolutions and Beyond* Sabah Alnasseri, 2016-08-29 This edited volume brings together global perspectives on twenty first century Arab revolutions to theoretically and methodologically link these contemporary uprisings to resistance and protest movements worldwide above all in the Americas In their analyses of these transformations the international contributors engage in an exploration of a variety of themes such as social movements and cultures of resistance geopolitical economics civic virtue identity building human rights and foreign economic and political influence What is the historical significance of these revolutions What are the implications beyond the Middle East And how are struggles in other regions of the world being influenced by these events These heretofore largely unanswered questions are addressed in this collection developed from presentations at a 2013 international conference on the Arab Revolutions and Beyond at York University Toronto Canada **Shi'i Islam: Oxford Bibliographies Online Research Guide** Andrew J. Lebanon Tobias Schwarna, 2010 As sectarian and political tensions rose after March of 2005 scholars and journalists began to speculate that Lebanon was heading back into civil war Much academic literature in fact showed that the probability of regressing into such a state was very high Although tensions did escalate and violence broke out on a number of occasions culminating in several days of fighting in May 2008 the Doha agreement provided a peaceful political solution to the country s crisis This book offers an answer to the question of why no renewed civil war occurred in Lebanon as well as to the larger question of why civil wars do or do not break out The author accomplishes this by developing and presenting a model of informal elite agreement which he terms consociational conflict
