

Voices of Victorian London

In Sickness and in Health

by Henry Mayhew

foreword by Jonathan Miller

Voices Of Victorian London In Sickness And In Health

Jane Austen

Voices Of Victorian London In Sickness And In Health:

Voices of Victorian London Henry Mayhew, 2011 Henry Mayhew conducted hundreds of interviews that provided a first hand account of costermongers and street sellers of sewer scavengers and chimney sweeps creating an intimate and detailed portrait that offered unprecedented insight into their day to day struggle for survival **The Wayward Genius of**

Henry Mayhew Henry Mayhew, 2013-03-28 A selection of inspiring reportage from pioneering London based investigative journalist Henry Mayhew a close friend and influential character in Charles Dickens life and works The 200th anniversary of Henry Mayhew s birth is overshadowed by that of his friend and collaborator Charles Dickens But in fact Mayhew was a pioneering investigative journalist who wrote over a million words about the lives of poor working people in London and whose writings and descriptions may have inspired some of Dickens characters In some respects Mayhew was his own worst enemy He was disorganised one of his books ended in mid sentence and cantankerous and perhaps as a result his funeral was sparsely attended But embedded in his fine reportage which included long and moving interviews with Londoners are passages descriptive of London of people s appearances and of their shabby homes which stand alongside Dickens own writings for the quality and compassion of the prose **Love and Friendship** Jane Austen, 2016-06-10 Written in a series of

letters to the daughter of a friend *Love and Friendship* tells of a young girl s path to betrayal by way of a seemingly ecstatic marriage It is accompanied by *The Three Sisters* another expertly crafted epistolary novel When a noble youth arrives unannounced to request the hand of the matchless Laura it seems their future is one of contentment and bliss that is until his family learn of the marriage and one by one reject the new bride Such begins the series of unspeakable events that make up Laura s lot in life But tragedy and comedy here go hand in hand as Austen delivers a stringent satire on drawing room society brilliantly heralding her later masterpieces **Poverty and Sickness in Modern Europe** Andreas Gestrinch, Elizabeth

Hurren, Steven King, 2012-06-28 Explores the experiences of the sick poor in modern Europe via an analysis of pauper narratives *Penny Dreadfuls and the Gothic* Nicole C. Dittmer, 2023-02-15 *Penny Dreadfuls and the Gothic* breaks new ground in uncovering penny titles which have been hitherto largely neglected from literary discourse revealing the cultural social and literary significance of these working class texts The present volume is a reappraisal of penny dreadfuls demonstrating their cruciality in both our understanding of working class Victorian Literature and the Gothic mode This edited collection of essays provides new insights into the fields of Victorian literature popular culture and Gothic fiction more broadly it is divided into three sections whose titles replicate the dual titles offered by penny publications during the nineteenth century Sections one and two consist of three chapters while section three consists of four essays all of which intertwine to create an in depth and intertextual exposition of Victorian society literature and gothic representations

Sickness, medical welfare and the English poor, 1750-1834 Steven King, 2018-05-30 At the core of this book are three central contentions That medical welfare became the totemic function of the Old Poor Law in its last few decades that

the poor themselves were able to negotiate this medical welfare rather than simply being subject to it and that being doctored and institutionalised became part of the norm for the sick poor by the 1820s in a way that had not been the case in the 1750s Exploring the lives and medical experiences of the poor largely in their own words Sickness medical welfare and the English poor offers a comprehensive reinterpretation of the so called crisis of the Old Poor Law from the later eighteenth century The sick poor became an insistent presence in the lives of officials and parishes and the largely positive way that communities responded to their dire needs must cause us to rethink the role and character of the poor law *Oxford Textbook of Women and Mental Health* Dora Kohen, 2010-03-18 Gender and mental health is a growing field in psychiatry Although women s specific mental health problems have been described for hundreds of years it is in the last two centuries and especially in the last 3 to 4 decades that research in many different aspects of women s mental health has bloomed We have gained better understanding of the psychological social and cultural aspects of mental health problems in women We have seen epidemiological data describe increased frequency of different clinical aspects of many psychiatric disorders We have learned about biological and especially endocrinological concomitants of mental health problems in women In addition we have been able to describe classify and circumscribe different diagnoses as they appear in the female gender Eating disorders perinatal psychiatric disorders consequences of different types of abuse have gained better understanding in the last decades and we have been able to delve into the social parental and personal consequences of the mental health problems The *Oxford Textbook of Women and Mental Health* brings a balanced understanding of different aspects of gender and mental health It summarizes the clinical issues and mental health problems as faced today The first part of the book is dedicated to fundamental aspects in women s mental health It covers topics from Women s health as a global issue to different medical psychological theories giving an overview of gender in mental health The second part of the book examines clinical aspects of women and mental health In part three special clinical topics such as PTSD self harm menopause violence and their management are investigated Part four focuses on parental psychiatric disorders clarifying how mental health and behavioural problems in children could be a marker or a consequence of maternal distress The final two parts look at the topics of women and disability and legislation and policy A book of exceptional scope and depth this volume will be essential for all those health professionals involved in managing mental health problems in women *Dangerous Motherhood* H. Marland, 2004-06-29 *Dangerous Motherhood* is the first study of the close and complex relationship between mental disorder and childbirth Exploring the relationship between women their families and their doctors reveals how explanations for the onset of puerperal insanity were drawn from a broad set of moral social and environmental frameworks rather than being bound to ideas that women as a whole were likely to be vulnerable to mental illness The horror of this devastating disorder which upturned the household turned gentle mothers into disruptive and dangerous mad women was magnified by it occurring at a time when it was anticipated that women would be most happy in the fulfillment of their role as mothers

Patient voices in Britain, 1840-1948 Anne Hanley, Jessica Meyer, 2021-09-07 Historians have long engaged with Roy Porter's call for histories that incorporate patients' voices and experiences. But despite concerted methodological efforts, there has simply not been the degree and breadth of innovation that Porter envisaged. Patients' voices still often remain obscured. This has resulted in part from assumptions about the limitations of archives, many of which are formed of institutional records written from the perspective of health professionals. Patient voices in Britain repositions patient experiences at the centre of healthcare history using new types of sources and reading familiar sources in new ways. Focusing on military medicine, Poor Law, medicine, disability, psychiatry and sexual health, this collection encourages historians to tackle the ethical challenges of using archival material and to think more carefully about how their work might speak to persistent health inequalities and challenges in health service delivery.

DICKENS'S LONDON - Premium Collection of 11 Novels & 80+ Tales (Illustrated) Charles Dickens, 2024-01-15 In Dickens's London Premium Collection of 11 Novels & 80+ Tales Illustrated, Charles Dickens presents an evocative tableau of Victorian society through a rich assortment of narratives that explore the foibles and virtues of humanity. This collection showcases Dickens's distinctive blend of social commentary, vivid characterization and wit, all framed within the bustling backdrop of London. His literary style, characterized by elaborate descriptions and intricate plots, retains the reader's attention while addressing themes of poverty, industrialization and moral complexity, thus providing a profound commentary on his era's socio-political landscape. Charles Dickens, born in 1812 to a lower middle-class family, encountered firsthand the harsh realities of urban life and economic struggle, experiences that influenced his empathetic portrayal of the marginalized in society. His relentless advocacy for social reform and his career as a journalist and editor endowed him with keen insights into London's streets. Dickens had a profound understanding of the intricate dynamics within urban environments, allowing him to weave together personal and political narratives that resonate with both contemporary and modern audiences. This premium collection is not only a celebration of Dickens's literary genius but also an indispensable resource for enthusiasts of classic literature. By immersing oneself in this engaging compilation, readers will appreciate the depth of Dickens's characters and the timeless relevance of his themes, making it a must-read for anyone seeking to understand the complexities of human nature and society itself. In this enriched edition, we have carefully created added value for your reading experience. A comprehensive Introduction outlines these selected works, unifying features, themes or stylistic evolutions. The Author Biography highlights personal milestones and literary influences that shape the entire body of writing. A Historical Context section situates the works in their broader era, social currents, cultural trends and key events that underpin their creation. A concise Synopsis Selection offers an accessible overview of the included texts, helping readers navigate plotlines and main ideas without revealing critical twists. A unified Analysis examines recurring motifs and stylistic hallmarks across the collection, tying the stories together while spotlighting the different works' strengths. Reflection questions inspire deeper contemplation of the author's overarching message, inviting readers to draw connections among

different texts and relate them to modern contexts Lastly our hand picked Memorable Quotes distill pivotal lines and turning points serving as touchstones for the collection s central themes
