Thinking About Gods Love Redemption:

Thinking about God: Reflections on a Considered Life William E. Marsh, 2007-02-09 Are you one of those people who have wanted to get to know God better but never found anything in a church to help you do so Do religious words sound like gibberish to you If so this book is for you Thinking About God is written to explain in non theological language what some of God is all about It is a series of short meditations on some of the major words that we find in talk about faith meditations in which the author re images these words into more conventional language language to which most of us can relate Thinking About God believes that at the heart of the human experience is imagination and at the heart of imagination is our picture of God It aims to encourage you to look again at who God can be in your life to inspire you to reconsider any misconceptions you may have about spirituality or the fact of Jesus in the human experience to open yourself to new avenues of understanding in your perceptions of the larger forces that govern our lives Thinking About God believes that we all are on journeys really ever seeking to enlarge our comprehension of who we are and where we are going Its author shares his meditations as a fellow traveler a traveler mind you who feels as if he has found something permanently spiritually transforming but a traveler who is very much aware that others continue by choice to search for their spiritual destiny Indeed it is to all of these travelers that the author dedicates this book

Thinking about Christ with Schleiermacher Catherine L. Kelsey, 2003-01-01 How can the various pieces of what you believe about Christ fit together coherently This is the basic question of Christology and this introduction to Christology traces the broad outlines and nuances laid out by the father of modern theology Friedrich Schleiermacher In straightforward language Catherine Kelsey moves back and forth between the groundbreaking thought of Schleiermacher and a series of helpful exercises which enable readers to spell out their own responses to the central question of Christian theology This book offers a truly unique approach to Christology

Thinking About God's Love Lorraine Cavanagh, 2015-12-01 There are many people who are put off Christianity by the way the doctrines of atonement and redemption are communicated People find it hard to believe in a loving God who appears at the same time to be so angry and vindictive Many also feel that Christian teachings publicly or privately do not connect with them in any meaningful way This is either because they are put off by the narrow theological framework in which Christianity is presented or because what is said about atonement and redemption seems theoretical and remote from their experience of life This book seeks to address some of the difficult questions that these people are asking It is written for those who may be wanting to return to their faith who would like to explore it in greater depth or in a more open theological landscape The intention is that readers will find in this book a new understanding of what it really means to live as people who have been forgiven and brought home into a more honest and deeper relationship with God through the atoning and redemptive work of Jesus Christ

God of Holy Love Peter Taylor Forsyth, 2021-01-01 The God of Christian faith is according to Peter Taylor Forsyth a God of holy righteous love As a result God s intervention in human life is morally robust

It seeks the transformation of its recipients toward holy love reaching its high points in the cross of Jesus Christ Paul Moser and Benjamin Nassim expertly gather together twenty of Forsyth's essays clarifying the nature and manifestation of God's love Forsyth contends that God is an active personal agent who desires interpersonal fellowship with humans and that the authority governing that fellowship is His love Attending to the experience of God in moral conscience where one can experience forgiveness and redemption by God Forsyth's writing challenges readers to consider whether their experience includes an encounter with a God who manifests holy love
