how Hitler and his generals might have defeated the Allies and a convincing sideways look at the Third Reich's bid at global domination in World War II. What would have happened if for example the Germans had managed to capture the whole of the BEF at Dunkirk? Or if the RAF had been defeated in the Battle of Britain? What if the Red Army had really been shattered in the summer of 1941 or if Axis forces had achieved the conquest of North Africa? Imagine the terrible possibilities presented to Germany had Turkey decided to join the Axis or if Hitler's minions had been able to produce an atomic bomb. The authors writing as if these and other world changing events had really happened project realistic scenarios based on the true capabilities and circumstances of the opposing forces. Jacket

Luftwaffe Victorious Mike Spick, 2005

At the outbreak of World War II the Luftwaffe was considered by many to be the world's most powerful air force. However during the summer of 1940 they suffered a dramatic defeat during the Battle of Britain and by May 1945 the Germans had surrendered to the Allies and the Third Reich collapsed. What went wrong? How could things have been different? In this most engagingly written and thought provoking addition to the fascinating Greenhill alternate history series, aviation historian Mike Spick asks these very questions envisaging a dramatic alternate reality in which the Luftwaffe succeeded in defeating Allied forces.

Third Reich Victorious Peter G Tsouras, 2016-11-30

War is a deadly game of chance where a single detail or decision can have far reaching consequences. What if Hitler's generals had captured the cream of the British Expeditionary Force at Dunkirk? What if Turkey had sided with Germany and smashed through Russia's back door to claim the prized Caucasus oil fields? What if Rommel had driven the British back into the sea on D Day and the Luftwaffe had defeated the RAF in the Battle of Britain? The Allies could have lost the Second World War in many ways and ten noted historians show clearly how in this collection of fascinating provocative scenarios based on meticulous research. By turns gripping and chilling **Third Reich Victorious** offers a fresh insight into the vagaries of war that can make all the difference between the victor and the vanquished.
