Third World Coups D'etat And International Security:

Third World Coups D'etat and International Security Steven R. David,1987 Third-World Conflict and International Security Christoph Bertram,1982-06-18 **Bulletin of the Atomic Scientists** ,1987-11 Great Powers, Weak States, and Insurgency Patrick W. Quirk,2017-01-25 This book offers an original and theoretically rich examination into the dynamics of alliances that great powers and weak states form to defeat threats such as rebellion or insurgency within the smaller state s borders The author examines contemporary examples of such internal threat alliances including Russia s collaboration with Syria s Assad regime to defeat anti government rebels and U S cooperation with Afghanistan s ruling political elite to combat the Taliban In each case the weaker state s leadership wanted to remain in power while the great power sought to safeguard its interests linked to the regime s stability The book adds to International Relations IR theory by presenting a distinct conceptual framework that explains why internal threat alliances form why some are more cohesive than others and why some are effective while others are not It thus promises to be of interest to IR scholars and students working in the areas of security studies alliance dynamics political violence and civil war but also to policy makers grappling with how to salvage interests such as access to natural resources or regional stability imperiled by violence in weak states

Third-world Conflict and International Security ,1981 **Regional Organizations and Their Responses to Coups** Franziska Hohlstein,2022-09-30 Coups d tat continue to present one of the most extreme risks to democracy and stable governance worldwide This book examines the unique role played by regional organizations ROs following the occurrence of a coup d tat The book analyses the factors that influence the strength of reactions demonstrated by ROs and explores the different post coup solutions ROs pursue It argues that when confronted with a coup ROs take both basic democratic standards and regional stability into account before forming their responses Using a mixed methods approach the book concludes that ROs response to a coup depends on how detrimental it will be for the state of democracy in a country and how far it risks destabilizing the region **International Armed Conflict Since 1945** Herbert K. Tillema,2019-04-08

International Armed Conflict Since 1945 is a bibliographic handbook that briefly describes each of 269 international wars and other war threatening conflicts occurring between 1945 and 1988 **21st Century Political Science: A Reference Handbook** John T Ishiyama,Marijke Breuning,2011 Offering full coverage of major subthemes and subfields within political science this reference handbook includes entries on topics from theory and methodology to international relations and institutions *For la Patria* Brian Loveman,2004-09-08 Defending la patria or homeland is the historical mission claimed by Latin American armed forces *For la Patria* is a comprehensive narrative history of the military s political role in Latin America in national defense and security Latin American civil military relations and the role of the armed forces in politics like those of all modern nation states are framed by constitutional and legal norms specifying the formal relationships between the armed forces and the rest of society In actuality they are also the result of expectations attitudes values and

practices evolved over centuries integral aspects of national political cultures Military institutions in each Latin American nation have resulted from that country's own blend of local and imported influences developing a distinctive pattern of civil military relations as defender of the fatherland and guarantor of security and order Written by Latin American specialist Brian Loveman *For la Patria* includes tables maps photographs and a glossary that will assist the student in better understanding the military's intervention in politics in Latin America This new text will give students a thorough and accessible history of Latin American armed forces and their actions in Latin American politics from colonial times to the present *Bulletin of the Atomic Scientists*, 1987-11 Revisiting the Arab Uprisings Stéphane Lacroix, Jean-Pierre Filiu, 2018-12-15 Since 2013 the Middle East has experienced a double trend of chaos and civil war on the one hand and the return of authoritarianism on the other That convergence has eclipsed the political transitions that occurred in the countries whose regimes were toppled in 2011 as if they were merely footnotes to a narrative that naturally led from an Arab Spring to an Arab Winter This volume aims at rehabilitating those transitions by considering them as expressions of a revolutionary moment whose outcome was never pre-determined but depended on the choices of a large range of actors It brings together leading scholars of Arab politics to adopt a comparative approach to a few crucial aspects of those transitions constitutional debates the question of transitional justice the evolution of civil military relations and the role of specific actors both domestic and international

Historical Dictionary of Modern Coups d'état John J. Chin, Joseph Wright, David B. Carter, 2022-12-13 For readers interested in international relations politics and global issues Library Journal Starred Review The *Historical Dictionary of Modern Coups d'état* surveys the history of coups d'état in the post World War II period The term modern in the title therefore demarcates the period since January 1946 This book documents over 582 coup attempts that have occurred in 108 different countries worldwide over a period of 75 years *Historical Dictionary of Modern Coups d'état* contains a chronology an introduction and an extensive bibliography The dictionary section has more than 1 400 cross-referenced dictionary entries This book is an excellent resource for students and researchers

The United States And The Caribbean Anthony Maingot, 2018-10-08 An exploration of the interdependence between the Caribbean states and the United States The book looks at their changing relationships throughout history The author traces the history of these relationships from 1823 to the end of the Cold War and examines the US response to the Marxist challenge He then turns to an investigation of different a

Bombing to Win Robert A. Pape, 2014-04-11 From Iraq to Bosnia to North Korea the first question in American foreign policy debates is increasingly Can air power alone do the job Robert A Pape provides a systematic answer Analyzing the results of over thirty air campaigns including a detailed reconstruction of the Gulf War he argues that the key to success is attacking the enemy's military strategy not its economy people or leaders Coercive air power can succeed but not as cheaply as air enthusiasts would like to believe Pape examines the air raids on Germany Japan Korea Vietnam and Iraq as well as those of Israel versus Egypt providing details of bombing and governmental decision

making His detailed narratives of the strategic effectiveness of bombing range from the classical cases of World War II to an extraordinary reconstruction of airpower use in the Gulf War based on recently declassified documents In this now classic work of the theory and practice of airpower and its political effects Robert A Pape helps military strategists and policy makers judge the purpose of various air strategies and helps general readers understand the policy debates

Operations Against Enemy Leaders Stephen T. Hosmer, 2001-10-09 Operations targeted against senior enemy leaders have long been viewed as a potential means of shaping the policy and behavior of enemy states As a result the United States has launched a variety of overt and covert operations in efforts to attack enemy leaders directly facilitate their overthrow by coup or rebellion or secure their ouster through external invasion This book examines a number of leadership attacks from World War II to the present to offer insights into the comparative efficacy of various forms of leadership attacks their potential coercive and deterrent value and the possible unintended consequences of their ill considered use The book concludes that direct attacks coups and rebellions have met with only limited success and even when successful have sometimes yielded counterproductive results Moreover neither direct attacks nor coups have been of significant coercive or deterrent value although rebellions have at times provided useful negotiating leverage By contrast external invasions have proved to be more efficacious both in shaping the targeted countries policy and behavior and in exerting coercive effects The book concludes by outlining the likely conditions under which future leadership attacks are likely to be sanctioned and by delineating the prerequisites of effective use of air power in such contexts

State, 1989 *Civil-Military Relations in the Modern Middle East* David S. Sorenson, 2023-01-31 Civil Military Relations in the Modern Middle East explores the political and economic interactions between civilians and the armed forces in the post World War II Middle East emphasizing four themes military and society the role of the military in political transitions the military's part in national economies and the relations between soldiers and civilians in wartime Covering the greater Middle East including the Arab States Israel Turkey and Iran the book establishes how militaries in many Middle Eastern countries influence the national political and economic systems and how in turn politics influences the national militaries

The Cold War J.P.D. Dunbabin, 2014-01-14 The Cold War offers a brief but detailed treatment of one of the most complex eras of the 20th Century In this fully revised second edition J P D Dunbabin drawing on international scholarship and using much new material from communist sources describes a world in which covert operations could be as important as outright diplomacy soft power as influential as hard and in which competing ideologies ruled the hearts as much as the heads of the leaders in power Dunbabin's account is global in scope taking into account the importance of players beyond the superpowers and shedding light on the proxy conflicts such as those in Africa and the Middle East that if not caused by the continuing stalemate between the great powers were used as weapons within it

Soviet-American Relations After the Cold War Robert Jervis, Seweryn Bialer, 1991 This important collection of essays explores the terrain of possible Soviet American relations in the next decade Starting from the premise that glasnost and

perestroika will not be reversed this expert group of contributors provides a wide ranging and far reaching analysis of Soviet U S relations crucial to any current discussion of the topic Moving beyond the boundaries of traditional studies of international relations the contributors here focus on such topics as public opinion and the relationship of domestic policy to foreign policy Other areas of consideration include the Soviet U S relationship and the Third World and East Asia the role of the United Nations in Soviet and American policy in the 1990s international environmental protection and the Soviet opening to nonprovocative defense A final section concludes with policy choices for the future regarding security strategies and prospects for peace Contributors Seweryn Bialer Robert Dallek Charles Gati Toby Trister Gati Colin S Gray Ole R Holsti Robert Jervis Alexander J Motyl John Mueller Eric A Nordlinger George H Quester Harold H Sanders Glenn E Schweitzer Jack Snyder Donald S Zagoria William Zimmerman *Political Warfare in Republican Vietnam* Robert A. Silano, 2024-08-22 This work examines the development of the Republic of Vietnam Armed Forces as a national institution explores the historical origins of the political warfare system and assesses that system s nurturing of military morale popular support and ways to weaken enemy resolve North Vietnam in the 1940s and South Vietnam in the 1960s embraced the system of political control over the military that was developed in Soviet Russia after the Bolshevik Revolution and in Republican China in the 1920s where it influenced both the Nationalist and Communist movements The book discusses the overall effectiveness of political warfare activities in the Republic of Vietnam s army the advice and support offered by the U S military to the South Vietnamese political warfare establishment and the consequences of the war s end for the members of the Republic of Vietnam Armed Forces who served in the political warfare system

The Enigmatic Realm of **Third World Coups Detat And International Security**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic.
