limited use it wisely Master your schedule Multiply your success **The Martyrs of Columbine** J. Watson, 2003-05-02 On April 20 1999 Eric Harris and Dylan Klebold killed twelve fellow students and one teacher at Columbine High School in Littleton Colorado Two of the victims of the Columbine massacre Cassie Bernall and Rachel Scott reportedly were asked by the gunmen if they believed in God Both supposedly answered Yes and were killed Within days of their death Cassie and Rachel were being hailed as modern day martyrs and are seen by many American evangelicals as the sparks of a religious revival among teenagers Cassie and Rachel as innocents martyred for faith also became useful symbols for those seeking to advance a conservative political agenda and to lay the blame for Columbine at the feet of their liberal opponents According to police investigators however Cassie and Rachel may never have been asked by their killers about God They may have been simply victims of a senseless crime rather than martyrs to a cause The Martyrs of Columbine provides a careful examination of the available evidence and attempts to discover what really occurred Despite these questions the martyr stories continued to be told and the religious and political use of Cassie and Rachel continues The popular significance of the martyrs of Columbine persists and may even be growing How and why is this happening The Martyrs of Columbine is a groundbreaking investigation of what this tragedy has come and will come to mean in American religion politics and culture *Redeeming*

Your Time Jordan Raynor, 2023-09-26 Manage your time the way Jesus managed his with a biblical antidote to swamped to do lists and hurried schedules A highly practical road map Mark Batterson New York Times bestselling author and lead pastor of National Community Church Despite the overwhelming amount of resources for time management and work life balance the ability to cultivate the efficiency and equilibrium needed to manage all our worthy pursuits can often feel frustratingly out of

reach The reason for our struggle is that productivity and time management systems focus on individual habits rather than more meaningful and lasting lifestyle changes But as it turns out there is a better way to reach our full potential We don't need just another approach to changing our habits What we need is an operating system that takes into account the full scope of our lives In these pages bestselling author Jordan Raynor presents this system using seven powerful time management principles drawn from the example of how Jesus lived 1 Start with the Word Find meaningful connection with the author of time daily 2 Let Your Yes Be Yes Accept only the commitments you can fulfill 3 Dissent from the Kingdom of Noise Create room for silence stillness and reflection 4 Prioritize Your Yeses Confidently maintain your commitments 5 Accept Your Unipresence Focus on one important thing at a time 6 Embrace Productive Rest Live the God designed rhythms of rest which are productive for our goals and souls 7 Eliminate All Hurry Embrace productive busyness while ruthlessly eliminating hurry from our lives With these principles you'll see how Jesus managed his time on earth and how he responded to human constraints much like the ones you face today More than that you'll discover corresponding practices that will help you embrace the best most Christlike version of yourself possible purposeful present and wildly productive **Kelcie**
