Thomas Verner Moore Psychiatrist Educator And Monk

Nicholas K. Rademacher

Thomas Verner Moore Psychiatrist Educator And Monk:

Thomas Verner Moore Benedict Neenan, 2000 Thomas Verner Moore 1877 1969 priest author teacher and practical psychiatrist was one of the first advocates of modern psychology among Roman Catholics in the United States In this fascinating biography Benedict Neenan brings to life this man of staggering accomplishments and recounts the many twists and turns he took in the search for his professional and spiritual development Skillfully intertwining the dramatic interaction between Moore s intense activism and his deeply felt need for contemplation and asceticism Neenan points out the many paradoxes and tensions of his rich and eventful life For example Moore started out in his adult religious life as a member of one of the most progressive and distinctly American religious communities the Paulists and ended it as a member of one of the most traditional orders the Carthusians Besides detailing the life of this accomplished man this work offers a glimpse into American Catholic life American social life in the first half of the twentieth century *The Life of Thomas Verner Moore* Benedict Neenan (O.S.B.), 1996 *Journal of Moral Theology, Volume 8, Number 1* Rachelle Barina, Nathaniel Hibner, Tobias Winright, 2019-01-17 Catholic Health Ministry Edited by Rachelle Barina Nathaniel Hibner and Tobias Winright Repair Work Rethinking the Separation of Academic Moral Theologians and Catholic Health Care Ethicists Paul Wojda Catholic Bioethicists and Moral Theologians Drifting Apart A Sequela of Specialization and Professionalization Becket Gremmels Equally Strange Fruit Catholic Health Care and the Appropriation of Residential Segregation Cory Mitchell and Therese Lysaught Hospital and Health System M A Is It Good for Community Health Michael Panicola⁶³ Accompaniment with the Sick An Authentic Christian Vocation that Rejects the Fallacy of Prosperity Theology Ramon Luzarraga⁷⁶ Grace at the End of Life Rethinking Ordinary and Extraordinary Means in a Global Context Conor Kelly⁸⁹ A Voice in the Wilderness Reimagining the Role of Catholic Health Care Mission Leader Michael McCarthy¹¹⁴ Theologians in Catholic Healthcare Ministries Breaking Beyond the Bond with Ethics Darren Henson¹³⁰ *Confession* Patrick W. Carey, 2018-09-05 Confession is a history of penance as a virtue and a sacrament in the United States from about 1634 when Catholicism arrived in Maryland to 2015 fifty years after the major theological and disciplinary changes initiated by the Second Vatican Council Patrick W Carey argues that the Catholic theology and practice of penance so much opposed by the inheritors of the Protestant Reformation kept alive the biblical penitential language in the United States at least until the mid 1960s when Catholic penitential discipline changed During the nineteenth and early twentieth centuries American Catholics created institutions that emphasized in opposition to Protestant culture confession to a priest as the normal and almost exclusive means of obtaining forgiveness Preaching teaching catechesis and parish revival type missions stressed sacramental confession and the practice became a widespread routine in American Catholic life After the Second Vatican Council the practice of sacramental confession declined suddenly The post Vatican II history of penance influenced by the Council s reforms and by changing American moral and cultural values reveals a major shift in penitential theology moving from an emphasis on

confession to emphasis on reconciliation Catholics make up about a quarter of the American population and thus changes in the practice of penance had an impact on the wider society In the fifty years since the Council penitential language has been overshadowed increasingly by the language of conflict and controversy In today s social and political climate Confession may help Americans understand how far their society has departed from the penitential language of the earlier American tradition and consider the advantages and disadvantages of such a departure

Psychology and American Catholicism C. Kevin Gillespie,2001 Through a series of historical accounts this book offers a rare view of Roman Catholicism s 20th century encounters with American culture from the church s issues with experimental and clinical psychology to the assimilation of psychology s fund of knowledge *Cold War Freud* Dagmar Herzog,2017 This book provides a panoramic history of psychoanalysis at its zenith as human nature was rethought in the wake of war and the global transformations that followed

Paul Hanly Furfey Nicholas K. Rademacher,2017-09-19 Nicholas Rademacher s book is meticulously researched and clearly written shedding new light on Monsignor Paul Hanly Furfey s life by drawing on Furfey s copious published material and substantial archival deposit Paul Hanly Furfey 1896 1992 is one of U S Catholicism s greatest champions of peace and social justice He and his colleagues at The Catholic University of America offered a revolutionary view of the university as a center for social transformation not only in training students to be agents for social change but also in establishing structures which would empower and transform the communities that surrounded the university In part a response to the Great Depression their social settlement model drew on the latest social scientific research and technique while at the same time incorporating principles they learned from radical Catholics like Dorothy Day and Catherine de Hueck Doherty Likewise through his academic scholarship and popular writings Furfey offered an alternative vision of the social order and identified concrete steps to achieve that vision Indeed Furfey remains a compelling exemplar for anyone who pursues truth beauty and justice especially within the context of higher education and the academy Leaving behind an important legacy for Catholic sociology Furfey demonstrated how to balance liberal radical and revolutionary social thought and practice to elicit new approaches to social reform

Divided Friends William L. Portier,2013-11 In two sets of intertwined biographical portraits spanning two generations *Divided Friends* dramatizes the theological issues of the modernist crisis highlighting their personal dimensions and extensively reinterpreting their long range effects The four protagonists are Bishop Denis J O Connell Josephite founder John R Slattery together with the Paulists William L Sullivan and Joseph McSorley Their lives span the decades from the Americanist crisis of the 1890s right up to the eve of Vatican II In each set one leaves the church and one stays The two who leave come to see their former companions as fundamentally dishonest *Divided Friends* entails a reinterpretation of the intellectual fallout from the modernist crisis and a reframing of the 20th century debate about Catholic intellectual life

Called to Service Lisa E. Hartmann-Ting,2003 **The American Benedictine Review** ,2002

U.S. Catholic Historian ,2007 **Beyond Birth Control** Sharon Mara Leon,2004 *American Catholic Religious*

Thought Patrick W. Carey, 2004 Annotation As American Catholics and other Americans move into the twenty first century it might be helpful to re assess American Catholic religious and social thought during the past two centuries Have American Catholics produced any creative theological responses to the issues and forces that confronted them over the past two centuries Have they added anything worthwhile to the classical European formulations Have they developed some of their own traditions that need critiques in our own day In his introduction to this collection of original writings Patrick Carey argues that American Catholics from John Carroll to John Courtney Murray have exhibited a fresh vigorous ability to engage the great religious and social questions of their time in creative continuity with their inherited tradition and sometimes in capitulation to the culture in which they lived Whether they were responding to the Enlightenment or to the Romantic mood to the slavery and capitalism to Modernism to Neo Scholasticism or to twentieth century problems of social justice Catholic Americans have produced a stimulating theological commentary that is worth re examining This book has been designed to make that tradition on American Catholic thought more accessible Included are the writings of leading figures John England Orestes Brownson Isaac Hecker Martin John Spalding John Ireland John Hughes Dorothy Day Virgil Michel and others Introduced by a major interpretive essay that traces the development of Catholic religious and social thinking in American this work provides an outstanding resource to students of American Catholicism and American history

New Catholic Encyclopedia, 2003 *America, History and Life*, 2002 Provides historical coverage of the United States and Canada from prehistory to the present Includes information abstracted from over 2 000 journals published worldwide

The Journal of Ecclesiastical History Clifford William Dugmore, 2001 *New Catholic Encyclopedia: Mab-Mor* Catholic University of America, 2003 This 15 volume second edition features revised and new articles Among the 12 000 entries in the encyclopedia are articles on theology philosophy history literary figures saints musicians and much more

The Psychoanalytic Review, 1926 *Encyclopedia of Catholic Social Thought, Social Science, and Social Policy* Michael L. Coulter, Richard S. Myers, 2007 With more than 800 topics from over 300 contributors Encyclopedia of Catholic Social Thought Social Science and Social Policy is a comprehensive introduction to the Catholic vision of society social relations and the human being It combines theoretical work on important topics and scholarly disciplines e g economics moral theology natural law philosophy psychology social science perspectives on a variety of topics e g alcoholism and drug abuse forgiveness and mercy globalization and treatment of practical policy implications that flow from applying the Catholic religious moral and intellectual tradition to contemporary issues e g abortion assisted suicide immigration policy school choice torture The book reflects a broad range of Catholic thought that is international in scope but with an emphasis on the American situation Its interdisciplinary approach offers insights from a variety of perspectives theological philosophical historical economical sociological political psychological and legal The work will appeal to individuals who want a clear and accurate introduction to Catholic social thought and a Catholic informed social science and social policy One certainly need not be a devotee and

advocate for Catholic social thinking to find this encyclopedia of good use as a handy reference tool
Cartusiense Gerhard Schlegel, James Hogg, 2005
