Clearinghouse Intervention Report , 2006 The Vocabulary Improvement Program for English Language Learners and Their
Classmates VIP is a vocabulary development curriculum for English language learners and native English speakers grades 4
6 The 15 week program includes 30 45 minute whole class and small group activities which aim to increase students
understanding of target vocabulary words included in a weekly reading assignment One study of VIP met the What Works
Clearinghouse WWC evidence standards with reservations It included 142 English language learner students in the fifth
grade in 16 classrooms in California Virginia and Massachusetts In this study 17 classrooms from three states were randomly
assigned within each state to the intervention n 10 or comparison group n 7 but one comparison group teacher withdrew
from the study prior to the start of the intervention The 16 classrooms included both fluent English speakers and English
language learners The study author reported findings for the full sample but provided the WWC with data on the English
language learner subsample that is the focus of this WWC report The 16 classrooms included 142 fifth grade English
language learner students 94 in the intervention group and 48 in the comparison group Students in the comparison group
received their regular classroom instruction The study took place over two years The intervention had potentially positive
effects in reading achievement and no discernible effects on English language development Contains 9 footnotes This
publication was produced by the What Works Clearinghouse The following study is reviewed in this intervention report Carlo

Schools Series edited by T Chris Riley Tillman *Using RTI to Teach Literacy to Diverse Learners, K-8* Sheila Alber-Morgan, 2010-04-05 In a small volume Sheila Alber Morgan addresses RTI in a much more comprehensive way than other texts. The book provides critical features of RTI across reading, writing, handwriting, and spelling and is packed with practical information for each tier. Nancy L. Cooke, Associate Professor of Special Education, University of North Carolina at Charlotte, clearly and concisely articulates the theoretical and empirical bases of RTI, an important and worthy achievement. For the classroom teacher, her book provides numerous assessment and instructional strategies for turning the great promise of RTI into reality for students. William L. Heward, Professor Emeritus, The Ohio State University, provides practical intervention strategies for diverse learners who struggle with literacy. Literacy is a critical foundational skill for success in school and throughout adulthood. Covering both reading and writing instruction, this book shows K-8 teachers how to build the literacy skills of diverse learners, including those with disabilities and those from culturally and linguistically diverse backgrounds, in inclusive classrooms. Sheila Alber Morgan discusses instruction and assessment within a Response to Intervention (RTI) framework and demonstrates how to provide targeted support to students struggling with literacy or those who may require special attention to achieve success. Providing specific interventions for tiers 1, 2, and 3, this book offers evidence-based practices such as guided note taking, the use of response cards, peer-mediated instruction, self-monitoring, and direct instruction. Strategies for phonemic awareness, fluency, vocabulary, and comprehension. Methods for teaching handwriting, spelling, keyboarding, and the writing process. A discussion on using thematic units to integrate reading and writing. With sample assessments, graphic organizers, and brief case studies of students, this timely volume assists teachers and literacy specialists in providing the support that diverse learners need to succeed. **Vocabulary Instruction for Struggling Students** Patricia F. Vadasy, J. Ron Nelson, 2012-02-05 Addressing a key skill in reading, writing, and speaking, this comprehensive book is grounded in cutting-edge research on vocabulary development. It presents evidence-based instructional approaches for at-risk students, including English language learners and those with learning difficulties. Coverage ranges from storybook reading interventions for preschoolers to direct instruction and independent word learning strategies for older students. Guidance is provided on using word lists effectively and understanding how word features influence learning. The book also reviews available vocabulary assessment tools and describes how to implement them in a response to intervention framework. Harris and Steve Graham. *Vocabulary Improvement Program for English Language Learners and Their Classmates* Teresa Lively, 2003 Grade level 4-6 e i t **Teaching Vocabulary to English Language Learners** Michael F.
