The Soviet Mind The Soviet Mind:

The Soviet Mind Henry Hardy, Isaiah Berlin, 2016-08-23 Berlin's great powers of observation combine with his great knowledge and literary gifts to provide us with a fascinating series of insights. Geoffrey Riklin. George Kennan the architect of U S policy toward the Soviet Union called Isaiah Berlin the patron saint among the commentators of the Russian scene. In The Soviet Mind Berlin proves himself worthy of that accolade. Although the essays in this book were originally written to explore tensions between Soviet communism and Russian culture the thinking about the Russian mind that emerges is as relevant today under Putin's post communist Russia as it was when this book first appeared more than a decade ago. This Brookings Classic brings together Berlin's writings about the Soviet Union. Among the highlights are accounts of Berlin's meetings with Russian writers in the aftermath of the war a celebrated memorandum written for the British Foreign Office in 1945 about the state of the arts under Stalin Berlin's account of Stalin's manipulative artificial dialectic portraits of Pasternak and poet Osip Mandelstam Berlin's survey of Russian culture based on a visit in 1956 and a postscript reflecting on the fall of the Berlin Wall and other events in 1989. Henry Hardy prepared the essays for publication his introduction describes their history. In his revised foreword. Brookings Strobe Talbott a longtime expert on Russia and the Soviet Union relates the essays to Berlin's other work. The essays and other pieces in The Soviet Mind including a new essay Marxist versus Non Marxist Ideas in Soviet Policy represent Berlin at his most brilliant and are invaluable for policymakers students and anyone interested in Russian politics and thought past present and future.

The Soviet Mind Isaiah Berlin, 2004 Berlin former professor of social and political theory Oxford U UK well known for his political philosophy and its distinction between positive and negative freedoms was less recognized as a Russian Jewish migr. This collection of 10 essays gathers his writings on the USSR and includes his reflections on the work of Boris Pasternak and Osip.

The Soviet Mind Isaiah Berlin, 2011 Isaiah Berlin's response to the Soviet Union was central to his identity both personally and intellectually. Born a Russian subject in Riga in 1909 he spoke Russian as a child and witnessed both revolutions in St Petersburg in 1917 emigrating to the West in 1921. He first returned to Russia in 1945 when he met the writers Anna Akhmatova and Boris Pasternak. These formative encounters helped shape his later work especially his defense of political freedom and his studies of pre Soviet Russian thinkers. Never before collected Berlin's writings about the USSR include his accounts of his famous meetings with Russian writers shortly after the Second World War the celebrated 1945 Foreign Office memorandum on the state of the arts under Stalin his account of Stalin's manipulative artificial dialectic portraits of Osip Mandelstam and Boris Pasternak his survey of Soviet Russian culture written after a visit in 1956 a postscript stimulated by the events of 1989 and more. This collection includes essays that have never been published before as well as works that are not widely known because they were published under pseudonyms to protect relatives living in Russia. The contents of this book were discussed at a seminar in Oxford in 2003 held under the auspices of the Brookings Institution. Berlin's editor Henry Hardy had prepared the essays for collective publication.
