The Starseed Dialogues Soul Searching The Universe:

The Starseed Dialogues Patricia Cori, 2009 *The Starseed Dialogues* is a clear and concise compilation of questions Patricia Cori has received from readers which she then turned over to the Speakers of the Sirian High Council for answers Cori is among many who predict that life on Earth will change dramatically after December 2012 as we ascend into a fourth dimension beyond spacetime What will happen to us as we approach the point of ascension Does ascending in the light body hurt This book answers these questions and many others about the direct link between our evolving DNA the inner world of Agharta the current earth changes and our shift in consciousness and the significance of visiting sacred sites such as Stonehenge to receive celestial messages As always the Speakers message rings clear do not fear what lies ahead for we are about to experience a glorious transformation of consciousness and although the prophets speak of doom and destruction the darkest hours are already upon us What awaits us is a brilliant new age of truth light and beauty **Atlantis Rising** Patricia Cori, 2008 Describes the unrecorded history of humanity with a particular emphasis on Atlantean civilization presents a vision of our true destiny as guardians of Earth and free willed conscious participants of our evolving world Provided by publisher

Where Pharaohs Dwell Patricia Cori, 2011-08-30 In this thought provoking book Patricia Cori takes time from her channeled work as the Scribe to the Speakers of the Sirian High Council to focus on her past life experiences in ancient Egypt The book begins dramatically with the traumatic recall of a past Egyptian life when Cori relives a horrifying death by suffocation from being buried alive This experience propels her on a journey of exploration into the question of human immortality leading her back to Egypt where she unravels the origins of the ancient Egyptians obsession with the resurrection of the soul Cori s discoveries reveal new perspectives on Egyptian mysteries new timelines as to the beginnings of the civilization and controversial ideas that link the earliest Egyptian cultures with even earlier civilizations such as that of Atlantis As she returns to sites of her former lives Cori begins to receive messages through which she relives the past life regression guiding her to discover secrets of the ancient Egyptians Finally she travels beyond the veil of illusions into the otherworld of possibilities that lies beyond physical existence This exciting book weaves strands of science history and metaphysics into a shimmering tapestry of personal discovery **Before We Leave You** Patricia Cori, 2011-04-26 What if whales and dolphins truly do have a superior intellect as many believe and can speak to the human race What would their message be In November 2008 gifted clairvoyant Patricia Cori was in Jordan teaching a workshop when a life changing event occurred A community of Cetaceans a choir of whales and dolphins as she describes it interrupted her talk with a frantic plea for help Cori was suddenly witness to a devastating scene of suffering a communal grieving of scores of whales and dolphins frenzied lost and dying This was the first of several terrifying calls for help all of which were immediately followed by mass suicide events as these majestic creatures collectively chose to leave us and our planet These troubling incidents evolved into the stream of messages for humanity that Cori reveals in this extremely timely work The whales and dolphins present their

deep understanding of our urgent global situation calling for the human race to restore balance to our ecosystems especially our dying oceans For the first time we read the communications of the Cetaceans and their story of devotion and celebration of life on the Great Planet Earth We are also given a glimpse of their role in the unfolding of galactic events throughout our solar system and the message is clear We must wake up and realize that our continued abuse of the environment is altering the course of Gaia s progression to the next dimension Without the whale and dolphin song without these musicians who hold the oceans in balance we risk our advancement through the ascension process for which our entire solar system is destined Before We Leave You is a roadmap to that higher future and a pathway to global transformation NOTE ELECTRONIC VERSION OF THIS TITLE DOES NOT INCLUDE THE CETACEAN MEDITATIONS CARDS INCLUDED IN THE REGULAR PRINTED VERSION

The New Sirian Revelations Patricia Cori, 2017-12-05 In July 1996 during an extraordinary out of body journey through the Milky Way and other galaxies Patricia Cori was reconnected and attuned to a group of interdimensional light beings that she and her many readers came to know through the first Sirian Revelations transmissions as The Sirian High Council During her remarkable mission as their Scribe she has shared the insights of six dimensional Sirian Light Emissaries through the books and teachings that have transformed readers over the past decades Now twenty years from the date of the first transmission Cori shares new revelations that affirm the veracity of past prophecies and transmit new visions for the human race as we ascend through the outer reaches of the fourth dimension into new levels of conscious awareness and parallel realities as we prepare for our imminent emergence Called a real life Indiana Jones by fans and readers around the world Cori is one of the most well known and established authorities on multidimensional realities that challenge the status quo Her messages from distant realms empower readers to look at the dark side to understand it but to focus on the light for all humankind and the earth In this new book the Sirians once again hold us to our responsibility as guardians of this planet with sound direction and advice for how to get through these shifting sands of our transition Their discussions delve into many of the most crucial issues of our time including the merging of human mind and artificial intelligence exoplanetary migration from the earth and what that means to planets that will receive us coming clean about cloning the care and feeding of the human being and the slipping of time as we know it As the struggle between darkness and light is being fought at every level Cori reminds us to take comfort in the fact that the Sirian High Council foresaw and told us how this time of immense upheaval would be the last phase of our passage out of the darkness and into the light of far more illuminated states of being

Beyond the Matrix Patricia Cori, 2010-08-31 Those concerned with the current eco crisis most often look only to scientists and politicians for solutions In this important book Patricia Cori invites another overlooked group perhaps the most important one to join the discussion Beyond the Matrix collects some of the most provocative forward thinking interviews conducted on Cori s radio show of the same name bringing together leaders in various fields of alternative thinking to propose new and exciting perspectives on the future of humanity as we approach the
