Scott Rodin, 2010-03-11 In this book R Scott Rodin offers a unique and profoundly theologically informed model of leadership forged out of his extensive experience and theological studies This model is personal dynamic and transformative for the leaders themselves for the people they work with and for the institution or organizations in which they serve

Ecclesial Leadership as Friendship Chloe Lynch, 2019-03-01 When it comes to talking about the activity of directing the church the language of leadership and leaders is increasingly popular Yet what is leadership and how might theological narratives better resource the discourse and practice of leadership in ecclesial contexts In identifying and critiquing managerialism as a dominant narrative of leadership in the Western church this book calls for an alternative approach founded on the concept of friendship Engaging with the wider field of leadership studies the book establishes an understanding of leadership activity and brings it into conversation with an incarnational ecclesiology The result is a prophetic reimagining of ecclesial leadership in terms of a relational kenotic praxis This praxis of mutuality and love is framed here in the rich language of Christian friendship The book also wrestles deeply with the embodiment of such a praxis making explicit the power behaviours typical of friendship leadership and offering constructive guidance for practitioners in the task of implementation within a complex and fractured world This book offers a new vision of the centrality of friendship to leadership of a healthy church community As such it will be of great use to scholars of practical theology ecclesiology and leadership as well as practitioners in church ministry

Associate Pastors Michael Matthew Mauriello ,2022-06-21 Rather than simply leading or following why not consider stewarding Associate pastors of all kinds whether assigned to children youth worship adult or outreach are often caught in the middle of complicated relationships in their congregations It s an emotionally taxing and organizationally confusing position In *Associate Pastors* Michael Matthew Mauriello demonstrates how associate pastors can harness the ambiguity that accompanies their role in ways that can mutually benefit church members and other pastoral staff The heart of *Associate Pastors* comes from personal interviews with twenty five associate pastors in small to medium sized churches who have served in pastoral ministry positions for more than ten years Their shared experiences demonstrate the unique social and spiritual dynamics of the associate pastor role and suggest great promise for those willing to approach their calling with creativity and care Specifically when associate pastors facilitate learning within their congregations they confer benefits on church leadership and laypeople alike Dr Michael Mauriello s research is fueled by his love for God and the desire to see pastors flourish *Associate Pastors Ministry from the Middle* is a must read for Christian leaders Deborah Colwill associate professor of educational and leadership studies Trinity Evangelical Divinity School Dr Michael Mauriello has written a thoughtful and well researched guide for associate pastors who want to understand the dynamics and strategic advantages of their role He not only understands the position but he can help pastors serve effectively from the middle seat Lee Eclov adjunct professor Trinity Evangelical Divinity School columnist PreachingToday com This is a much needed contribution to resources addressing the unique role of associate pastors those who navigate complicated relationships as a pastoral practice Donald C Guthrie executive director Center for Transformational Churches Jeanette L Hsieh Chair of Educational Leadership and director of the PhD educational studies Trinity Evangelical Divinity School

Flourishing Together Lynn E. Swaner,Andy Wolfe,2021-11-16 How do students educators and schools flourish together especially in an era of increasing pressure from standardized testing growing challenges to student mental health and well being and frequent educator burnout Many schools strive toward academic achievement as their primary marker of success but this well meaning approach can lead to a reductionist view in which students are too often seen as statistics rather than whole human beings Teachers school leaders parents and of course students know that flourishing is a much broader and more holistic aim for education But what is to be done The goal of this book is to call Christian educators back to a better vision of flourishing within a robust theological framework with the practical guidance necessary for implementation To accomplish this Lynn

Swaner and Andy Wolfe take readers through an exploration of five essential domains identified through extensive empirical research purpose relationships learning resources and well being An ideal resource for professional development and strategic planning Flourishing Together persistently adheres to the principle that anything that is worth building cannot be built alone Thus the vision for flourishing here is one in which the school community is understood as an interconnected ecosystem in which each one s flourishing is dependent on their flourishing together Accordingly teachers and administrators will be inspired and equipped to reshape their schools as places where they alongside their students can flourish together in a community of abundant life Servant Leadership: Research and Practice Selladurai, Raj,Carraher, Shawn,2014-03-31

Servantship Graham Joseph Hill,2013-10-10 Servantship is essentially about following our Lord Jesus Christ the servant Lord and his mission it is a life of discipleship to him patterned after his self emptying humility sacrifice love values and mission Servantship is humbly valuing others more than yourself and looking out for the interests and wellbeing of others Servantship is the cultivation of the same attitude of mind Christ Jesus had making yourself nothing being a servant humbling yourself and submitting yourself to the will and purposes of the triune God Since servantship is the imitation of Christ it involves an unreserved participation in the missio Dei the Trinitarian mission of God In this pioneering work sixteen

servants describe the four movements of radical servanthship Servanthship is the movement 1 from leadership to radical servanthship 2 from shallowness to dynamic theological reflection 3 from theories to courageous practices and 4 from forgetfulness to transforming memory Servanthship recognizes in word thought and deed that whoever wants to become great among you must be your servant and whoever wants to be first must be your slave just as the Son of Man did not come to be served but to serve and to give his life as a ransom for many *Leading People* Robert H.
