

Super Heroes Read - Reading gives you Super Powers

We ran on and on.
Soon we got the cat.
"Pretty please do not
run away again black
cat," said B.

My name is Batman. I
must get the cat. I
ran fast in my new
black shoes.

But if
today
can be
be has
fast

Look! Here comes
Flash. He can run fast.

We three read in a
tree. Where can you
read?

I saw Robin. He came
and ran with me too.
We must get the black
cat.

We ran in water under
a brown log.

The other day I saw
Superman help a girl
who was stuck up a
tree. He is a super
hero.

Superman can also
help stop pirates from
stealing gold.
Superman makes sure
others obey the law.

Now I know that he may not
read my letter right away.
After all, super heroes are
very busy. But I am sure he
will be very happy to read it
when he has a chance.

Maybe he will even like my
letter so much that he will call
me and ask if I want to climb
those tall buildings with him.
You never know; it could
happen. It would be very fun;
the best day ever!

The deconstruction of the superhero in "Watchmen" Taylor Bruhn, 2017-04-25 Seminar paper from the year 2016 in the subject Didactics for the subject English Literature Works grade 2.0 RWTH Aachen University language English abstract This paper analyses the deconstruction of the superhero and its stereotypical features in Watchmen The paper assumes that the deconstruction serves as a way to show the dispensability of superheroes The paper's thesis is therefore that the superheroes in Watchmen and their stereotypical features are dispensable and that a life

without them is definitely possible and even desirable In order to prove this thesis the paper first presents a definition for stereotypical superheroes Then with the help of the definition it analyses a few of the protagonists of Watchmen and their features with respect to their differences to other superheroes and their dispensability In the conclusion the results of the analysis will be summarized and a final statement about the dispensability of the superheroes and their superhero features is given

The Hero in Transition Ray Broadus Browne, Marshall William Fishwick, 1983 An investigation of society's heroes during any time period will reveal the personnel deemed worthy of being emulated at that particular time by that particular society There will be many old and time tested figures sometimes with new faces and new profiles there will also be a mix of new faces Thus the hero like history itself is constantly in transition and both the hero and the transition are fundamental to the study of a culture These essays turn the pantheon of heroes around before our eyes and reveal the many complicated aspects of hero worship

International Journal of Comic Art, 2009

How Comics Reflect Society Björn Saemann, 2011-02-15 Master's Thesis from the year 2011 in the subject Didactics for the subject English Literature Works grade 1-5 University of Hildesheim Institut für englische Sprache und Literatur language English abstract American superhero comics have been around for over 70 years now In that period not only the genre and its medium matured but also the social cultural and political environment changed This paper hypothesizes that superhero comics change over time to stay relevant and that the observant reader can make conclusions about the time during which a comic was written by analyzing it The first part of this

paper gives a short summary of the history of superhero comics from the creation of Superman in 1939 to the Modern Age of Comics. It explains how the superhero comic originated in the late 1930s, blossomed in the 1940s, struggled in the 1950s, and reinvented itself in the 1960s. Events like the introduction of the Comic Book Code and the death of Gwen Stacy will be presented, and it will be explained why they had an immense impact on the comic book culture. Also, the definition of the term superhero will be discussed. Afterwards, the essay focuses on the different kinds of comic book revisionism and the different reasons for it. This and the chapters before help to understand how the comic book industry works and how innovations in comic books are introduced and why they happen. The main part of the essay continues to prove the hypothesis on the example of three superheroes that have all existed since the Golden Age of Comics: Wonder Woman, Captain America, and Batman. Each of those superheroes will provide an example for a different kind of social change. With the help of Wonder Woman, the change of the woman's role and the change of feminism will be examined. Captain America is a great example of a superhero created out of a social and political need and of the struggle that arises when this need is fulfilled. He also poses as an example for how comics comment on political changes. Finally, the Batman comics are used to illustrate the power. Dr. Frederic Wertham's book *Seduction of the Innocent* had an impact over society and over comics itself. That chapter also discusses what the changes made to Batman comics in reaction to the accusation of homosexuality say about the reputation of homosexuals in the 1950s. The last part of this essay gives an example for the possibilities to use this topic in school in English as a foreign language or history classes.
