The Sword Of Attila Total War Rome:

Total War Rome 2: The Sword of Attila David Gibbins,2015-12-08 The fall of Rome was just the beginning A new empire will rise AD 439 the Roman Empire is on the brink of collapse With shocking speed a Vandal army has swept through the Roman provinces of Spain and north Africa conquering Carthage and threatening Roman control of the Mediterranean But a far greater threat lies to the east a barbarian force born in the harsh steppelands of Asia warriors of unparalleled savagery who will sweep all before them in their thirst for conquest the army of Attila the Hun For a small group of Roman soldiers and a mysterious British monk the only defence is to rise above the corruption and weakness of the Roman emperors and hark back to the glory days of the Roman army centuries before to find strength in history But then they devise a plan of astonishing audacity that will take them to the heart of darkness itself to the stronghold of the most feared warrior king the world has ever known In the showdown to come in the greatest battle the Romans have ever fought victory will go to those who can hold high the most potent symbol of war ever wrought by man the sacred sword of Attila **The Sword of Attila**

David Gibbins,2015-01-27 AD 439 The Roman Empire is on the brink of collapse With terrifying speed a Vandal army has swept through the Roman provinces of Spain and North Africa conquering Carthage and threatening Roman control of the Mediterranean But a far greater threat lies to the east a barbarian force born in the harsh steppelands of central Asia warriors of unparalleled savagery who will sweep all before them in their thirst for conquest the army of Attila the Hun For a small group of Roman soldiers and a mysterious British monk the only defense is to rise above the corruption and weakness of the Roman emperors and hark back to the glory days of the army centuries before to find strength in history Led by Flavius a young tribune and his trusty centurion Macrobius they fight a last ditch battle against the Vandals in North Africa before falling back to Rome where they regroup and prepare for the onslaught to come Flavius learns that the British monk who had fled with them from Carthage is more than he seems and he is drawn into a shady world of intelligence and intrigue under the aegis of Flavius uncle Aetius commander in chief of the Roman armies in the west the man who alone has the power to rally Rome and her allies and save the western empire from annihilation Aetius is desperate to buy time until his army is strong enough to confront the Huns on the field of battle and meanwhile will do anything to undermine their strength Together they devise a plan of astonishing audacity that will take Flavius and Macrobius across the frontier and far up the river Danube to the heart of darkness itself to the stronghold of the most feared warrior emperor the world has ever known and into alliance with the emperor s daughter a warrior princess who has sworn vengeance against her father for the death of her mother In the showdown to come in the greatest battle the Romans have ever fought victory will go to those who can hold high the most potent symbol of war ever wrought by man the sacred sword of Attila **The Illustrated History of**

Rome George A. Smith,1884 **A History of the World in Twelve Shipwrecks** David Gibbins,2024-04-02 From renowned underwater archaeologist David Gibbins comes an exciting and rich narrative of human history told through the
