This book has all the basic information you will need for tarot reading, including step-by-step instructions in an easy-to-understand format. The Tarot Handbook Angeles Arrien, 1997-10-13

In this updated edition of *The Tarot Handbook*, now with a new introduction by the author Angeles Arrien, takes tarot beyond the limits of the fortune-telling realm and shows us how this time-honored application is both a visual and symbolic map of consciousness and a source of ancient wisdom. An exciting handbook for either a beginning or an ardent student of the tarot, it contains a multitude of charts, spreads, illustrations of the Thoth Deck, and other methodology tools for anyone looking for insights into personal and spiritual development. An anthropologist who specializes in cross-cultural myths, Arrien demonstrates how the seventy-eight figures of the tarot are portraiture and archetypes that are prevalent in the collective human experience. The author teaches us to use this realization to look beyond our cultural viewpoint or bias when we approach the tarot and to rely instead on these more important universal principles, thereby deepening the quality and accuracy of our interpretations and expanding our awareness of the human psyche. A significant and classic piece of tarot literature, *The Tarot Handbook* is both a required manual for teachers and students of the subject and an accessible and fascinating exploration of cultural anthropology. **Fortune Telling Using Tarot** Maria Mossberg, This book delves into the fascinating world of tarot, offering a comprehensive exploration of its history and significance. It provides detailed insights into each card within both the major and minor arcana, enabling readers to understand their meanings and implications in various contexts. Additionally, the text discusses popular tarot spreads and readings, equipping practitioners with the knowledge to interpret cards effectively during sessions. The guide also emphasizes practical aspects of tarot usage, including methods for storing cards properly to maintain their energy and integrity. A unique feature is the integration of crystals in fortune-telling practices, illustrating how these elements can enhance readings and provide deeper connections to the spiritual realm. Furthermore, this book addresses intuitive reading techniques, encouraging users to tap into their instincts while interpreting card imagery. It highlights how visual cues on each card can enrich understanding and add layers of meaning to readings. By focusing on structured explanations and verified information, this work aims to demystify tarot for both novices and seasoned practitioners alike. In summary, this informative resource serves as a valuable tool for anyone interested in exploring tarot's rich heritage and practical applications. Its clear presentation of complex ideas makes it accessible for all readers, fostering a deeper appreciation for this ancient art form. Таро від першої особи Аліна Шубська, 2024-06-25
