The Templar Throne Templar 3:

The Templars Jochen Burgtorf, Shlomo Lotan, Enric Mallorquí-Ruscalleda, 2021-04-14 As the oldest of the military religious orders and the one with an unexpected and dramatic downfall the knighthood of the Templars continues to fascinate academics and students as well as the public at large A collection of fifteen chapters accompanied by a historical introduction The Templars The Rise Fall and Legacy of a Military Religious Order recounts and analyzes this community s rise and establishment in both the crusader states of the eastern Mediterranean and the countries of western Europe during the twelfth and thirteenth centuries reflects on the proceedings launched against it and its subsequent fall 1307 1314 and explores its medieval and post medieval legacy including an assessment of current research pertaining to the Templars and suggestions for future explorations Showcasing a wide range of methodological approaches and primary source materials this volume unites historical art historical theological archaeological and historiographical perspectives and it features the work and voices of scholars from various academic generations who reside in eight different countries Israel France Italy Spain the United Kingdom Germany Poland and the United States of America *The 'Templar of Tyre'* Paul F. Crawford, 2016-12-05 The so called Templar of Tyre is the third and longest section of an important 14th century chronicle known as the Gestes des Chiprois Written by a Cypriot knight who served the Templar Master William of Beaujeu as an Arabic translator and a member of his immediate retinue the Templar of Tyre provides precious contemporary insights often drawn from the author s personal experience into events beginning in the early 1230s and ending in 1309 in the East and 1314 in the West Notably it covers the last days of the mainland Crusader states and the fall of Acre in 1291 providing our only eyewitness chronicle of this disaster as well as providing information on the period following 1291 The author also reports various events in the West including the wars of the Hohenstaufen in Italy the rise and fall of Simon de Montfort in England the trial and dissolution of the Templars in France and the interminable wars of Genoa and Venice across the Mediterranean This is the first complete translation of the Templar of Tyre into English Templar Families Jochen Schenk, 2012-03-29 This study explores the relationship between the Order of the Temple and the network of landowning families that supported it **The Templar's book of harmony and song ... Edited by ... H. T. Leslie** Henry T. Leslie, 1875 The International Good Templar , 1888 **Official Organ of the Independent Order of Good Templars, State of New York** , 1917 **The Knights Templar on Trial** Helen J Nicholson, 2011-08-26 The trial of the Templars in the British Isles 1308 1311 is a largely unexplored area of history Unlike the trial in France where the Templars were tortured into confessing to unspeakable activities in the British Isles there were no burnings and only three confessions after torture Several Templars went missing most of whom later reappeared Outsiders told stories of abominable Templar rituals secret meetings and murders at the dead of night but all these tales turned out to be rumour This book is based on extensive research into the records of the trial of trial of the Templars and other unpublished medieval documents recording their

arrest imprisonment and trial and the surveys of their property It traces the course of this the first heresy of trial in the British Isles from the arrests in January 1308 to the dissolution of the Order and shows how by judicious selection of material the inquisitors made the scanty evidence against the Templars appear convincing The book includes a list of all the Templars in the British Isles at the time of the arrests and a gazetteer of the Templars major properties in the British Isles

Lomas, 2011-09-01 Many people are curious about the existence of secret societies which claim to hold arcane religious or esoteric knowledge and pass it down through the generations via selected adepts Classic Masonic writers including William Preston Robert Gould JSM Ward AE Waite and WL Wilmshurst have written about secret traditions connected to the Temple of Sion Each has different ideas about how mystical knowledge came into Freemasonry Some say that the Charter of Larmenius reveals an underground line of Knight Templar Grand Masters who survived down to the nineteenth century All agree there is a Secret Lodge or House of Adepts who continue to teach true knowledge of the ancient mysteries and that The Craft transmits beliefs linked to the Earls of Rosslyn the Knights Templar and Lodge Mother Kilwinning Masonic expert Robert Lomas has collected together this thread of belief from old Masonic writers and rewritten it in modern English to make the ideas accessible to modern readers *The Templar's Magazine*, 1872 *Proceedings of the Grand Commandery of Knights Templar and the Appendant Orders of the State of Missouri* Freemasons. Missouri. Grand commandery of Knights templars, 1885 **Masonic Temples** William D. Moore, 2006 In *Masonic Temples* William D Moore introduces readers to the structures American Freemasons erected over the sixty year period from 1870 to 1930 when these temples became a ubiquitous feature of the American landscape As representations of King Solomon s temple in ancient Jerusalem erected in almost every American town and city Masonic temples provided specially designed spaces for the enactment of this influential fraternity s secret rituals Using New York State as a case study Moore not only analyzes the design and construction of Masonic structures and provides their historical context but he also links the temples to American concepts of masculinity during this period of profound economic and social transformation By examining edifices previously overlooked by architectural and social historians Moore decodes the design and social function of Masonic architecture and offers compelling new insights into the construction of American masculinity Four distinct sets of Masonic ritual spaces the Masonic lodge room the armory and drill room of the Knights Templar the Scottish Rite Cathedral and the Shriners mosque form the central focus of this volume Moore argues that these spaces and their accompanying ceremonies communicated four alternative masculine archetypes to American Freemasons the heroic artisan the holy warrior the adept or wise man and the frivolous jester or fool Although not a Freemason Moore draws from his experience as director of the Chancellor Robert R Livingston Masonic Library in New York City where he utilized sources previously inaccessible to scholars His work should
