The Templars Treasure:

The Templar Treasure Tobias Daniel Wabbel, 2014-01-07 Following author Tobias Wabbel's research and investigation throughout Europe this book solves the mystery of the treasure of the Knights Templar. The most up to date archeological and historical information is discussed from the history of the Knights Templar and the history of the Israelites and the Ark of the Covenant to medieval literature and Gothic cathedral architecture. Disproving common theories the Knights Templar never guarded the pilgrimage ways in Palestine there is no Priory of Sion there is no bloodline from Jesus to the present day and there is no authentic Shroud of Turin the book also proves the existence of the sacred Ark of the Covenant also known as the treasure of the Knights Templar which is still hidden in France. Wabbel researched iconography in the architecture of cathedrals and chapels and found more evidence in texts and inscriptions that led to his theory on the location of the Templar treasure. Both a travel guide to the secrets of the treasure of the Knights Templar and a fascinating read this book will shake commonly held beliefs on this interconnected history and renew the interest in it.

The Lost Treasure of the Knights Templar Steven Sora, 1999-02-01 A compelling argument that connects the lost treasure of the Knights Templar to the mysterious money pit on Oak Island Nova Scotia that has baffled treasure hunters for two centuries. Fascinating occult detective work linking the Cathars the Scottish Masons and Renne le Chateau to the elusive treasure pit on Oak Island. Draws on new evidence recently unearthed in Italy France and Scotland to provide a compelling solution to one of the world's most enduring mysteries. When the Order of Knights Templar was ruthlessly dissolved in 1307 by King Philip the Fair of France it possessed immense wealth and political power yet none of the treasure the Templars amassed has ever been found. Their treasure is rumored to contain artifacts of spiritual significance retrieved by the order during the Crusades including the genealogies of David and Jesus and documents that trace these bloodlines into the royal bloodlines of Merovingian France. Placing a Scottish presence in the New World a century before Columbus Steven Sora paints a credible scenario that the Sinclair clan of Scotland transported the wealth of the Templars entrusted to them as the Masonic heirs of the order to a remote island off the shores of present day Nova Scotia. The mysterious money pit there is commonly believed to have been built before 1497 and has guarded its secret contents tenaciously despite two centuries of determined efforts to unearth it. All of these efforts one even financed by American president Franklin Delano Roosevelt have failed thanks to an elaborate system of booby traps false beaches hidden drains and other hazards of remarkable ingenuity and technological complexity.

Templar Sanctuaries in North America William F. Mann, 2016-05-17 Traces the movement of the Templars' secret treasure across North America to where it still resides protected by a sacred lineage of guardians. Explains how the Templars found refuge with Native American tribes intermarrying with the Natives to continue the Holy Bloodline and further the lineage of guardians needed to protect their treasure and secrets. Reveals new evidence for the existence of Templar settlements and monuments across North America and how these reactivate the continent's sacred rose lines. Pinpoints the

exact location of the Templar Holy Bloodline treasure Many have searched for the lost treasure of the Knights Templar most famously at Oak Island But what if the treasure wasn't lost What if this treasure necessary to sanctify the Temple of Solomon and create a New Jerusalem was moved through the centuries and protected by a sacred lineage of guardians descendants of Prince Henry Sinclair and the Native American tribes who helped him Drawing on his access as Grand Archivist of the Knights Templar of Canada and his own role as a descendant of both Sinclair and the Anishinabe Algonquin tribe William Mann examines new evidence of the Knights Templar in the New World long before Columbus and their mission to protect the Holy Bloodline of Jesus and Mary Magdalene He reveals the secret settlements they built as they moved westward across the vast wilderness of North America evading the European Church and Royal Houses He explains how the Templars found refuge in the Sacred Medicine Lodges of the Algonquins whose ceremonies and rituals bear striking resemblance to the initiations of Freemasonry He reveals the strategic intermarriages that took place between the Natives and the Templars furthering the Holy Bloodline and continuing the lineage of blood guardians The author explores how Sinclair's journey from Nova Scotia across America also served to reactivate the sacred rose lines of North America through the building of rose castles and monuments including the Newport Tower and the Kensington Rune Stone Pinpointing the exact location of the Templar treasure still hidden in North America the author also reveals the search for Templar sanctuaries to be the chief motivation behind the Lewis and Clark expedition and the murder of Meriwether Lewis

[The Templars](#) Piers Paul Read,2014-07-08 The internationally bestselling author of Alive explores the rise the catastrophic fall and the far reaching legacy of Knights of the Temple of Solomon This is an engrossing and beautifully written work of popular history that unfolds like a well structured crime novel Booklist In 1099 the city of Jerusalem a possession of the Islamic Caliphate for over four hundred years fell to an army of European knights intent on restoring the Cross to the Holy Lands From the ranks of these holy warriors emerged an order of monks trained in both

scripture and the military arts an order that would protect and administer Christendom's prized conquest for almost a century the Knights of the Temple of Solomon or the Templars In this articulate and engaging history Piers Paul Read explores the rise the catastrophic fall and the far reaching legacy of these knights who took and briefly held the most bitterly contested citadel in the monotheistic West Drawing on the most recent scholarship and writing with authority and candor Read chronicles the history of the blood splattered monks who still infiltrate modernity in literature as the inspiration for secret societies and in the backyard fantasies of any child with access to a stick and a garbage can lid More than armed holy men the Templars also represented the first uniformed standing army in the Western world Sustaining their military order required vast sums of money and to that end a powerful multinational corporation formed The prosperity that European financiers enjoyed from the efficient management of Levantine possessions and from pioneering developments in the field of international banking would help jump start Europe's long slumbering Dark Age economy In 1307 the French king Philip IV expropriated Templar lands unleashing a wave of repression that would crest five years later After Templar leaders broke down and confessed under torture to blasphemy heresy and sodomy Pope Clement V suppressed the Order in 1312 Was it guilty as charged And what relevance has the story to our own times In this remarkable history Piers Paul Read explores the Crusades and the individual biographies of the many colorful characters that fought them *The Templars* Geordie Torr,2020-04-03 Shrouded in myth and conspiracy the history of the Knights Templar is little understood Geordie Torr pulls fact from fiction revealing the astonishing tale of this military religious order that dominated the politics of the medieval Middle East Initially created to protect Christian pilgrims to the Holy Land in the wake of the First Crusade the Templars soon became an institution of incredible power possessing wealth and influence throughout the courts of Europe Yet just two centuries later they dramatically fell as its members were accused of heresy and burned at the stake Set against the dramatic backdrop of the wars between Christians and Muslims this illustrated book brings to life the legacy of this secretive order and the characters who defined the era **The Templar's Code** C.M. Palov,2010-11-02 The greatest secret in the history of mankind is a secret worth killing for During the Middle Ages a rumor was born about a mysterious and sacred Ancient Egyptian text Known as the Emerald Tablet it was said to contain the secret of creation But the greatest secret of all is who wrote it **The Templar's Quest** Pasquale De Marco,2025-05-11 The Templar's Quest is the definitive guide to the Templars a mysterious and powerful order of knights who played a significant role in the history of the Middle Ages Founded in the 12th century the Templars quickly became one of the most wealthy and influential organizations in Europe They were known for their bravery in battle and their devotion to the Christian faith The Templars were also known for their secrecy and their alleged involvement in a variety of heretical practices In the 14th century the Templars were accused of heresy and devil worship They were tortured and executed and their order was dissolved The Templars have been the subject of much speculation and mystery over the centuries Some believe that they were the guardians of a secret treasure or that they
