**Carmel in Medieval Catalonia** Jill Webster,2021-09-20 This volume traces the development of Carmelite foundations in Medieval Catalonia and shows how they reflected the dichotomy between the Order s eremitical origins and the active mendicant apostolate in which it was engaged In discussing Carmelite life in an urban setting mention is made of secular involvement with its positive and negative effects popular piety and miraculous sightings and outstanding intellectual achievement The conclusion raises the question that Carmelite friars might have migrated to Europe at an earlier date than traditionally suggested similarly that the inaccurate foundation document for Peralada dated 1206 was a fourteenth century falsification The appendices provide supplementary material archival documents names of priors royal chaplains students and graduates and finally an alphabetical list of known medieval Catalan Carmelites A bibliography and index complete the volume      **Community Identity** Sebastian Kim,Pauline Kollontai,2007-11-01 Examines the influence of religious identity on the wider social community from the perspective of theology and religious studies      Edith Stein and the Body-soul-spirit at the Center of Holistic Formation Marian Maskulak,2007 With a particular emphasis on the soul this book explores Edith Stein s holistic conception of the human being s body soul spirit unity which forms the foundation of her Christian anthropology and her view of human formation Characterized by an unremitting attention to interconnections Stein emerges as a forerunner of contemporary holistic approaches Edith Stein and the Body Soul Spirit at the Center of Holistic Formation demonstrates the breadth and relevance of Stein s work by engaging her thought with the anthropological views of fellow phenomenologist John Paul II Wilkie Au s perspectives on holistic spirituality and formation and several nonreductionist
