About the Book In some way or form this book is unassumingly a nicer and a more logical organization and interpretation of compounding existing religious writings from a variety of walks of life Herein they are presented as proof drawn synthetically from those multitude of intellectual sources written over the last 4 000 years evidencing that the central figure of the persona translated as the reincarnation of almighty God of Israel himself in Christian literature is simply another Extraterrestrial Alien visiting Planet Earth for a purpose Another visitor just like those well known Anunnaki the Elohim the Nephilim the Sons of God the Watchers the renegade Angels or other entities over several millennia ago And in the many ways how it is related to the current humanity's most pressing problem of whether we are alone and unique in the Cosmos as it is linked to the much witnessed UFO encounters phenomenon It also well outlined the latent consequences resulting from what is presented as postulate About the Author Raphael Seraphin Kutota Basisa currently resides in Lynn Massachusetts He would consider himself a futurist a researcher a world's concerned citizen and a great human being He is a chemical engineer by training and earned an MBA and an ABD in Applied Management and Public Policy He has written and published several technical and non technical documents commentaries articles papers and other books along the subjects of his

expertise He believes in extraterrestrial life in regard to religion Basia is a person whose research helped to recognize early on the theory that we are all descendants of Extraterrestrials and Cosmic religiosity should be recognized in modern theology

Coming Out of the Illusion Christopher Link, 2020-04-13 There comes a time when being terribly lost without a clue and having the proverbial black cloud over one's head must come to an end It doesn't matter how screwed up your life has been with a rough childhood or now as an adult I have learned that our life experiences no matter how terrible don't have to shape who we are or who we become For instance I personally was in and out of foster homes from about age four to eighteen I had to overcome tremendous obstacles to bring this book to you The number one lesson for everybody is When you get knocked down get up again and stand a little taller than you did before until your foundation is unbreakable Something More where is it I think everybody at one point or another has asked themselves this Looking up at the stars in wonderment at a very young age is where it all begins All beings are aware of their surroundings and figure out really quickly something is wrong here on this beautiful planet Earth There are plenty of indicators such as Violence and war domination and hate racial profiling and human suppression working for survival and fighting over resources and or the need for money debt creation These things are part of our collective third dimensional consciousness and are no longer necessary as we advance mature together So what are we looking for What is the true reality How can we better ourselves How do we awaken to and find our true self again Where is the love joy grace morals compassion unity we know are the truth behind this existence The most important question for us all to ask ourselves is How do we break through the false reality that we have created for ourselves and the planet and keep our light shining never to be hidden under veils of illusion again We will explore this thing called life through our own self realization together and find some answers to these questions

Off the Hook Earl Wayne Heflinger, 2018-03-15 The author uses his own personal story of being born into a Christian fundamentalist family with extreme beliefs to paint a vivid picture of what life is like in toxic ideologies such as fundamentalist religion The book has three parts The first describes the spiritual abuse of his childhood due to stifling rules and restrictions inflicted by his

parents caught up in their church's teachings on his thought processes and behavior. The remarkably poignant stories show in painful detail how his self-esteem was crushed, how he was never intended to think for himself, and how he was made to feel different and totally out of place in the world, all by loving but misguided parents. During his school days, his social life was severely stunted because he felt like an outsider everywhere but in church. The second part discusses his lifelong struggle with spiritual healing and his transition from a spoon-fed belief system to a personally chosen worldview. He thoughtfully muses about all the significant elements of religious/spiritual belief systems: God, Jesus, the Bible, sin, morality, science, life after death, marriage, divorce, and others, and contrasts his evolving beliefs with those of organized religion. This is presented to give the reader a comprehensive illustration of how one particular seeker has constructed a personalized belief system through continual rethinking and updated understanding. The third part calls on the author's advanced education and professional experience in business and government in analyzing and developing systems and procedures. It describes, with a wealth of tips and checklists, the process by which he escaped a toxic ideology and came to feel intellectually free and off the hook. It ends with heartfelt encouragement for anyone similarly affected by repression to accept all available helpful resources and muster the determination to claim their personal power.
