Livingstone, 1997 Papers presented at the Twelfth International Conference on Patristic Studies held in Oxford 1995 see also *Studia Patristica* 29 31 32 and 33 The successive sets of *Studia Patristica* contain papers delivered at the International Conferences on Patristic Studies which meet for a week once every four years in Oxford they are held under the aegis of the Theology Faculty of the University Members of these conferences come from all over the world and most offer papers These range over the whole field both East and West from the second century to a section on the *Nachleben* of the Fathers The majority are short papers dealing with some small and manageable point they raise and sometimes resolve questions about the authenticity of documents dates of events and such like and some unveil new texts The smaller number of longer papers put such matters into context and indicate wider trends The whole reflects the state of Patristic scholarship and demonstrates the vigour and popularity of the subject Journal of Theological Studies, 1924 **The Synoptic Gospels** Keith Fullerton Nickle, 1982 The Synoptic Gospels usefully fills the gap between the brief treatments of the synoptics to be

found in New Testament introductions and exhaustive commentaries Taking into account the many important advances made in the study of the gospels in recent years not least the new questions being asked Dr Nickle writes especially for the non specialist and the teacher or student who values clarity and objectivity He begins by sketching the process by which the earliest Christians retold selectively some of the stories they remembered about Jesus He considers how they and other early Christians after them interpreted and adapted those stories to meet the needs of their communities He then enquires after the motives and the concerns which prompted each of the first three evangelists to compose their narrative versions of the public ministry and death of Jesus The book does not try to cover the whole content of the gospels of Matthew Mark and Luke Rather it places before the reader preliminary considerations which will inform and enrich reflections that occur as the content of the documents is investigated So this is really a prelude a preface to gospel study which holds the reader s interest to the end and whets the appetite for more
