by offering practical steps to implement this discipline at both personal and organizational levels particularly in communication evangelism and leadership

Creps new book is a topic of interest both inside and outside the church as older leaders realize that they re not getting it when it comes to technologies iPod IM blogging or cultural issues such as the fact that younger people see the world in an entirely different way Creps has been personally involved in reverse mentoring for several years and has spoken and written on the subject extensively He has pastored three churches one Boomer one Builder on X er and is currently a church planter in Berkeley California He has also served as a consultant and and a seminary professor and administrator holding a PhD in Communication Studies and a D Min from the Assemblies of God Theological Seminary

Longing for Spring Elaine A. Heath, Scott Kisker, 2010-01-01 Delving into the widespread contemporary longing for a more serious and communal experience of Christianity this book provides important theoretical underpinnings and casts a vision for a new monasticism within the Wesleyan tradition Elaine Heath and Scott Kisker call for the planting of neo monastic churches which embody the Wesleyan vision of holiness in postmodern contexts This book also points toward some vital shifts that are necessary in theological education in order to equip pastors to lead such communities Longing for Spring helps Wesleyans of all stripes understand the theory and praxis necessary for planting neo monastic communities as a new model of the church that is particularly important in the postmodern context The authors write in an engaging conversational style that is conversant with postmodern culture yet thoroughly informed by critical research Heath and Kisker boldly challenge the imagination of the church both within and beyond Wesleyan traditions to consider the possibility of revitalizing the church through the new monasticism

Missional Renaissance Reggie McNeal, 2009-02-03 Reggie McNeal s bestseller The Present Future is the definitive work on the missional movement i e the widespread movement among Protestant churches to be less inwardly focused and more oriented toward the culture and community around them In that book he asked the tough questions that churches needed to entertain to begin to think about who they are and what they are doing in Missional Renaissance he shows them the three significant shifts in their thinking and behavior that they need to make that will allow leaders to chart a course toward being missional 1 from an internal to an external focus ending the church as exclusive social club model 2 from running programs and ministries to developing people as its core activity and 3 from professional leadership to leadership that is shared by everyone in the community With in depth discussions of the what and the how of transitioning to being a missional church readers will be equipped to move into what McNeal sees as the most viable future for Christianity For all those thousands of churches who are asking about what to do next after reading The Present Future Missional Renaissance will provide the answer
