Robert Sobel,2000 **A Financial History of the United States: From Christopher Columbus to the Robber Barons**

(1492-1900) Jerry W. Markham,2002 The first comprehensive financial history of the United States in more than thirty years Accessible to undergraduate level readers it focuses on the growth and expansion of banking securities and insurance from the colonial period right up to the incredible growth of the stock market during the 1990s and the attack on the World Trade Center in 2001 The author traces the origins of American finance to the older societies of Europe and Northern Africa and shows how English merchants transferred their financial systems to America He explains how financial matters dominated the founding and development of the colonies and how financial concerns incited the Revolution And he shows how the Civil War began the transformation of America from a small economy largely dependent on foreign capital into a complex capitalist society From the Civil War the nation s financial history breaks down into periods of frenzied speculation quiet growth periodic panics and furious periods of expansion right up through the incredible growth of the stock market during the 1990s Rainbow's End Maury Klein,2003-05-01 Rainbow s End tells the story of the stock market collapse in a

colorful swift moving narrative that blends a vivid portrait of the 1920s with an intensely gripping account of Wall Street s greatest catastrophe The book offers a vibrant picture of a world full of plungers powerful bankers corporate titans millionaire brokers and buoyantly optimistic stock market bulls We meet Sunshine Charley Mitchell head of the National City Bank powerful financiers Jack Morgan and Jacob Schiff Wall Street manipulators such as the legendary Jesse Livermore and the lavish living Billy Durant founder of General Motors As Klein follows the careers of these men he shows us how the financial house of cards gradually grew taller as the irrational exuberance of an earlier age gripped America and convinced us that the market would continue to rise forever Then in October 1929 came a perfect storm like convergence of factors that shook Wall Street to its foundations We relive Black Thursday when police lined Wall Street brokers grew hysterical customers bellowed like lunatics and the ticker tape fell hours behind This compelling history of the Crash the first to follow the market closely for the two years leading up to the disaster illuminates a major turning point in our history
