Womens Madness Misogyny Or Mental Illness:

Women's Madness Jane M. Ussher, 1991 Why do an overwhelmingly larger proportion of women than men suffer from depression and emotional distress Is it because as feminists would argue that women are reacting to a misogynistic world Or is their madness mental illness as the experts would claim Women with Serious Mental Illness Lauren Mizock, Erika Carr, 2021 Women with Serious Mental Illness Gender Sensitive and Recovery Oriented Care calls attention to a topic and population that has been overlooked in literature women with serious mental illness such as schizophrenia severe depression bipolar disorder and complex posttraumatic stress disorder Destigmatising mental illness? Vicky Long, 2015-11-01 This historical study of mental healthcare workers efforts to educate the public challenges the supposition that public prejudice generates the stigma of mental illness Drawing on extensive archival research this book argues that psychiatrists nurses and social workers generated representations of mental illness which reflected their professional aspirations economic motivations and perceptions of the public Sharing in the stigma of their patients healthcare workers sought to enhance the prestige of their professions by focussing upon the ability of psychiatry to effectively treat acute cases of mental disturbance As a consequence healthcare workers inadvertently reinforced the stigma attached to serious and enduring mental distress This book makes a major contribution to the history of mental healthcare and critiques current campaigns which seek to end mental health discrimination for failing to address the political economic and social factors which fuel discrimination It will appeal to academics students healthcare practitioners and service users **Critical Inquiries for Social Justice in Mental Health** Marina Morrow, Lorraine Halinka Malcoe, 2017-01-01 An exceptional showcase of interdisciplinary research Critical Inquiries for Social Justice in Mental Health presents various critical theories methodologies and methods for transforming mental health research and fostering socially just mental health practices Marina Morrow and Lorraine Halinka Malcoe have assembled an array of international scholars activists and practitioners whose work exposes and disrupts the dominant neoliberal and individualist practices found in contemporary mental research policy and practice The contributors employ a variety of methodologies including intersectional decolonizing indigenous feminist post structural transgender queer and critical realist approaches in order to interrogate the manifestation of power relations in mental health systems and its impact on people with mental distress Additionally the contributors enable the reader to reimagine systems and supports designed from the bottom up in which the people most affected have decision making authority over their formations Critical Inquiries for Social Justice in Mental Health demonstrates why and how theory matters for knowledge production policy and practice in mental health and it creates new imaginings of decolonized and democratized mental health systems of abundant community centred supports and of a world where human differences are affirmed *Women, Madness, and Spiritualism: Georgina Weldon and Louisa Lowe* Roy Porter, Helen Nicholson, Bridget Bennett, 2003 This set reproduces seminal writings by three exceptional nineteenth century women Georgina Weldon Louisa Lowe and Susan Willis

Fletcher were certified as insane by the Victorian medical establishment and were threatened with incarceration for their eccentric and transgressive behaviour All three were remarkably resourceful and very successfully manipulated the sensationalist press to expose the lunacy laws to the late Victorian public In doing this they contributed to the emerging feminist critique of medicine and science Each volume is devoted to the work of one of these exceptional women New introductions by the editors and the late Roy Porter provide context and discussion of the pieces included pointing to the themes and issues that they raise With an extensive index this collection provides an invaluable resource for those studying the role of feminism in the history of medicine and the power of the medical profession in the Victorian era Women and Psychiatric Treatment Claire Henderson, Catherine Smith, Shubulade Smith, Angela Stevens, 2013-05-24 Women and Psychiatric Treatment provides a practical guide to the challenge of preserving fairness in access and quality of provision of health care and argues that equity is only achievable through greater recognition of gender differences Taking into account the main variables which influence treatment such as setting age and culture clear suggestions are given for the reform of training research and provision of services according to gender differences Divided into seven sections the book discusses the following subjects the background treatment settings treatment of particular groups specific disorders managing the sequelae of trauma therapies the future implications for training research and service provision This comprehensive and practical text offers a thorough investigation of the issues surrounding the treatment of women with mental health problems It will be welcomed by psychiatrists clinical psychologists and other mental health workers The Female Body in Mind Mervat Nasser, Karen Baistow, Janet Treasure, 2007-04-11 The Female Body in Mind introduces new ways of thinking about issues of women's mental health assessment and treatment Its multidisciplinary approach incorporates social psychological biological and philosophical perspectives on the female body The contributions from notable academics in the field of women's mental health examine the relationship between women's bodies society and culture demonstrating how the body has become a platform for women's expression of their distress and anguish The book is divided into six sections all centred on the theme of the body covering The body at risk The hurting body The reproductive body The interactive body Body sensitive therapies The body on my mind All professionals involved in women's mental health will welcome this exploration of the complexities involved in the relationship between women's bodies and their mental health Women and the Ownership of PMS Anne E. Figert, **Feminist mental health activism in England, c. 1968-95** Kate Mahoney, 2023-12-12 Feminist mental health activism in England c 1968 1995 provides the first in depth examination of feminist mental health activism in England employing original oral history interviews alongside detailed case studies of unexplored feminist initiatives It charts how feminist activists in the late 1960s initially rejected psychological approaches before employing a range of therapies to understand themselves and support one another This book charts the emergence of feminist mental health groups in the early 1970s the development of feminist therapy across the 1980s and the influence of feminist politics on national charity

Mind in the 1990s It examines what participation in feminist activism felt like demonstrating how these emotions have influenced the construction of its history The book simultaneously forges a new direction in the history of mental healthcare in postwar England establishing how feminists grassroots support for women redefined community care

Psychology and Gender Dysphoria Jemma Tosh, 2016-03-02 Psychiatry and psychology have a long and highly debated history in relation to gender In particular they have attracted criticism for policing the boundaries of normal gender expression through gender identity diagnoses such as transvestism transsexualism gender identity disorder and gender dysphoria Drawing on discursive psychology this book traces the historical development of psychiatric constructions of normal and abnormal gender expression It contextualizes the recent reconstruction of gender in the 5th edition of the Diagnostic and Statistical Manual of Mental Disorders DSM 5 and its criteria for gender dysphoria This latest diagnosis illustrates the continued disagreement and debate within the profession surrounding gender identity as disordered It also provides an opportunity to reflect on the conflicted history between feminist and transgender communities in the changing context of a more trans positive feminism and the implications of these diagnoses for these distinct but linked communities Psychology and Gender Dysphoria examines debates and controversies surrounding psychiatric diagnoses and theories related to gender and gender nonconformity by exploring recent research examples of collaborative perspectives and existing feminist and trans texts As such the book is relevant for postgraduate and postdoctoral researchers of gender feminism and critical psychology as well as historical issues within psychiatry
