WordPress 5 Complete Karol Król, 2019-02-28 An in depth and comprehensive take on WordPress covering everything about the platform such as WordPress posts pages themes plugins and more Key Features
Get up to date with the latest WordPress 5 0 Bebo and all its new features
Beginner friendly layout and advice you can apply from day one with loads of screenshots and examples
Enrich your development experience with the new block based editor Gutenberg

Book Description Back in the day when you wanted to launch a new website you either had to learn web programming yourself or hire a professional who would take care of the whole process for you Nowadays with WordPress anyone can build an optimized site with the least amount of effort possible and then make it available to the world in no time Here in the seventh edition of the book we are going to show you how to build great looking and functional websites using WordPress The new version of WordPress 5 0 comes with a few important changes and we tell you all about

how to use them effectively From crafting content pages using the block editor and customizing the design of your site through to making sure it's secure we go through it all The book starts by introducing WordPress and teaching you how to set it up You are then shown how to create a blog site start writing content and even use plugins and themes to customize the design of the site and add some unique elements to set it apart If you want to get more in depth we also show you how to get started creating your own themes and plugins Finally we teach you how to use WordPress for building non blog websites By the end of the book you will be sufficiently skilled to design high quality websites and will be fully familiar with the ins and outs of WordPress What you will learn

Learn to adapt your plugin with the Gutenberg editor
Create content that is optimized for publication on the web
Craft great looking pages and posts with the use of block editor
Structure your web pages in an accessible and clear way
Install and work with plugins and themes
Customize the design of your website
Upload multimedia content such as images audio and video easily and effectively
Develop your own WordPress plugins and themes
Use WordPress to build websites that serve purposes other than blogs

Who this book is for The ideal target audience for this book would be PHP developers who have some basic knowledge of working with WordPress and who want to get a comprehensive practical understanding of working with WordPress and create production ready websites with it
